

Dear Ann,

I read in another mag that it would be printing the lyrics to the Partridge Family songs exclusively. I know it's not true because you already printed the lyrics to their first single (you were first again!) so would you tell me what's going on?

Confused

Dear Confused,

Though other mags may boast that they are the only ones that will be printing the Partridge lyrics, it's just not true. As you mentioned, we have already printed the lyrics to their first single in our October issue. Their new record will be printed in Tiger Beat very soon and you can find the lyrics to the Partridge Family album in the Tiger Beat's Official Partridge Family Magazine!

Dear Ann,

I would if I could, but I can't so I won't. I can't describe how I feel when I see him on television, see a picture of him, or when I think about him! David Cassidy just completely blows my mind! His acting is fabulous! He can get you so involved around that one character whose part he's taking because he does it so professionally. Keep up the good work on David! We love it!

Be happy,

**HIP FATHER**

I nearly died of shock the other day when my father walked in! He had on white bell-bottoms, a silk shirt and a real leather jacket. He sure looked great, and I owe my thanks to TIGER BEAT and Bobby Sherman for his great performance!

**NAME THIS STAR!**

Can you guess who's behind this zany clown's costume? She's very pretty and was a co-star on a recently cancelled TV favorite. She was the TV gal of a top fave and is now making many guest appearances on TV. Turn to page 41 for the answer!

Dear Ann,

Those on the Tiger Beat staff as well as yourself could stand a compliment about now, right? Well, as long as you don't let it go to your head, I'd like to congratulate you on a job well done! I just perchance saw your magazine on a newsstand, picked it up and glanced through it. The features attracted my attention and once I bought and read your magazine, I was sold! I'll be sure to tell my friends about TIGER BEAT!

Dear Ann,

I love all of those fabulous pictures you put in TIGER BEAT of David Cassidy. He is the best thing that ever happened to your magazine!

Dear Ann,

Can you tell me where I can get parts 1-6 of "You Can Be An Actress—Here's How!" by Bridget Hanley? I received part 7 in the August issue of TIGER BEAT. I also wanted to say that I love your magazine and that's why I subscribe. I think everyone should!

Sincerely,  
Barbara O.

Dear Barbara,

Thanks for the nice comments! To answer your question, Bridget's column on acting began in our February, 1970 edition, and was featured in every issue through October. If you'd like to catch up on any issues that you may have missed, see page 72 and see how it can be done!

**KEEP IT UP**

I was in the store and saw the August issue of TIGER BEAT and bought it like fast! The story of Jeremy and Candy's wedding day was the most, and the pic of Bobby and Bridget was really groovy. Also, I just can't wait to see the Dark Shadows movie. Your sneak preview was the neatest! My friend and I both agreed that the interview with Billie Hayes about Jack was the greatest. So keep up the good work!

**A BIG, HAPPY FAMILY!**

On August 1 I went with my friend to see the Osmond Brothers at the Great Midwest Fair in Crete, Illinois. They were terrific! You should have seen little Jimmy Osmond! He sings so well for a six year old! And then Donny Osmond sang "Where is Love?" from the movie "Oliver." He sounded even better than Mark Lester!

**LOVES HIS HAIR!**

I just love Mark Lester's curly hair! My brother's hair is curly too, but he teases it to make it that way. I'm sure Mark's is naturally that way!

**BOBBY'S TWIN**

I am so happy! Today I went downtown and saw a shirt just like the white fringed one Bobby wears. I bought it 'cause I knew I'd never find one like it again. Now when I wear it everyone asks me if Bobby gave it to me! Of course he didn't, but when I wear it I feel like Bobby personally gave it to me!
