Dear David,

I think your three half-brothers are just darling! Do you visit them often, and do you get along very well with them?

Bonny Dolen
Boston, Mass.

Dear Bonny,

I'm really glad you like my brothers because I think they're great too! I usually visit them at my step-mother's house at least every other week, but it all depends on my schedule. We all get along groovy together and we always end up in the backyard playing a game of baseball!

Dear Susan,

Santa Monica, Calif.

We used to go out together quite a bit but suddenly he's just stopped seeing me without an explanation! We don't go to the same school so I haven't any opportunities to see him at all! What should I do? I can't think of anything I've done that would make him not like me!

Chrissy Morgan
Denver, Colo.

Dear Chrissy,

I'm awfully flattered that you would come to me with a problem and I hope I can help you somehow, since I can see things from a
