

SUSAN WEARS very little makeup, but she always photographs like a dream!

SHE IS VERY patient, even when we rehearse the same song twenty times.

EVEN WHEN I'm in a blue mood, Susan can manage to kid me out of it.

HERE WE ARE going over a number for the show during a break. Look at all the clothes in her dressing room!

HAVING LUNCH together is almost a daily thing for us. Sometimes, if we have long enough, we eat at a restaurant.

WHEN I'M asked if Susan knows me I can't really say, but I do think we understand each other!

ONE THING I do know, though! Having Susan around to talk to and goof off with makes a long working day more pleasant!
