

The atmosphere in David's house is kind of a gentle, doggy chaos. When the phone rings in the middle of everything else, David has to make sure that a furry tail doesn't get tangled up in the phone wire. In the background, you can see the chest of drawers that David refinished.

In the middle of everything, David is slowly making his way through the latest copy of FLIP!

Did you ever try to get dressed on a bed full of dogs?

We've run out of room, but your day at home with David will continue in next month's FLIP!
