BEATLES' LET IT BE!

DYLAN'S DOUBLE LP!

WILD & LESTER'S NEW FLICK!

HOPE YOU CAUGHT the BEATLES' incisive and fascinating United Artists full-length color documentary movie *Let It Be*, starring the fab four, of course—who nowadays could be called the fab three, plus one. *Let It Be* shows the Beatles informally working, talking and making music together. It's like being a "little fly on the ceiling" and looking down and seeing everything that is going on! If you dug the movie, here's good news: United Artists/Apple Records also has the soundtrack—called *Let It Be*—and it's another beautiful Beatle long-playing record album!

Get a load of Easy Rider co-star JACK NICHOLSON as he looks in Paramount's *On A Clear Day You Can See Forever*, in which he plays the role of a sitar-playing hippie . . . DYLAN-lovers—here's a flash for you! BOB DYLAN has just finished a double LP which could be coming out any minute. It'll be called *Self Portrait and the back-up musicians include GEORGE HARRISON, AL KOOPER and DOUG KERSHAW, to name a few. Most of the tunes are (as usual) Dylan originals. One of the tunes on this double set is the EVERLY BROTHERS' famous Let It Be Me. Guaranteed to be a winner! . . . Congrats to handsome CHRISTOPHER PENNOCK and his lovely bride actress MARILYN JOSEPH. They were married early in June in the United Nations Chapel in New York City . . . Also congrats to a couple of OSMONDS — little seven-year-old JIMMY on his big hit record in Japan, My Little Darling, and to WAYNE for getting his pilot's license!*

If you're lucky enough to live in or near Kansas City, Missouri, you probably caught beautiful BROWNING BRYANT's summer stock theatre performance as the lead in *Tom Sawyer*. What's more, Browning has just come up with a brand new RCA LP called *One Time In A Million*, which happens to include that tune (his latest single) plus eleven other tunes . . . Remember FREDDIE "Boom Boom" CANNON of Palisades Park, Tallahassee Lassie, etc? Well, Freddie's still out there boom-booming and he's got his

very own record label, Bazooka. First single on Bazooka Records is *Mexico Woman* by the COLLECTION—produced by Freddie himself . . . SLY STONE has his own label too. It's called *Stone Flower* and the first group he has recorded is LITTLE SISTER. Little Sister's *Stone Flower* single is called *You're The One*. Give it a listen. . . . And speaking of new record stars, say hello to JOEL VANCE, former publicist who is now recording on the Cadet/Concept label. His first LP is called *What I Did On My Summer Vacation*—and that ought to be interesting!

Didya' know that handsome young stars DAVID HENESY and DAVID CASSIDY have more in common than their first names? They both have groovy, good-looking actresses for moms! David Henesy's mom JEANNE AVERY has just finished the movie version of a Chekhov play in which she plays a Russian peasant girl—quite a departure from her usual sophisticated "lady-type" roles. David Cassidy's mom—actress EVELYN WARD—has just wound up a starring role in *Let's Hear It For Miss America*, an off-Broadway avant-garde experimental theatre production . . . Though BOBBY SHERMAN still has his magnificent Silvercloud Rolls, he recently acquired a very beautiful, very fast German sportscar. It's a Targa Porsche and it set Bobby back some ten grand . . . If you dug JACK WILD in his *Pufnstuf* movie, wait'll you see the next Wild flick! It's named *Melody*, and his co-star is going to be none other than his *Oliver* co-star! That's right! *Oliver* himself—adorable MARK LESTER—will co-star in an English made comedy drama about two young school chums who fall in love with the same girl. Her name, of course, is *Melody*—and wouldn't that be a fun role to play?

*Thought For The Month: No heaven can come to us unless our hearts find rest in today. Take heaven. No peace lies in the future which is not hidden in this present instant. Take peace.*
