

Me and guess who?

By now, most of you devoted Partridge Fans know that Susan Dey's best friend, Jane Joyce, is also her roommate and guardian. Well, Susan finally turned eighteen, and was no longer in need of a guardian, so Jane's services weren't required on the set every day. Jane is now in Ireland studying Irish History (what else would you do in Ireland?). All the Partridge people are going to miss Jane, and I'm sure all of you wish her the best of luck, too.

Dave Madden has a new dressing room. Guess who it used to belong to? Rick Ely!! Rick's dressing room was on one side of Shirley Jones and Dave Madden's was on the other. When Young Rebels was canceled, Rick, naturally had to bid a fond farewell to his dressing room. Dave took a look at Rick's room and decided that it was more to his liking than his own... so... in he moved!
