RUMOR:

I saw a pic of a guy who looked just like Mark Lester—except he had dark brown hair! Tell me Mark hasn't dyed his hair dark!

I guess the rumors that Jack Wild and Mark Lester are no longer friends after making "Melody" are true!

I read somewhere that Philippe Forquet is married!

I have the feeling that Jack Wild is secretly married!

I've heard that Wes Stern (Bobby Sherman's co-star on his new series) has a wild real name! Is his real name really similar to Engelbert Humperdinck?

My sister's best friend's brother told me that the Cowsills are not recording anymore!

I saw "Music Man" on TV. In the movie, a very young Ronny Howard had a lisp and a stutter! I've heard he still stutters in real life!

Has Rick Ely really quit show biz?

Did handsome Pete Duel really star with Judy Carne in a TV show called "Love With The Proper Stranger"?

I heard Susan Dey was going to quit Partridge because she fell in love with a handsome, young photographer and wants to marry him!

Are Ben Murphy of "Alias Smith and Jones" and Paul Newman really brothers?

Did Bridget Hanley have a little baby boy?

TRUTH:

Ok, Mark has not dyed his hair dark—it's still quite blond. We don't know who you saw, but it certainly wasn't Mark!

Your guess is wrong! Jack and Mark are just as good friends as ever! There were no problems between them during, before, or after filming "Melody!"

Linda Morand and Philippe got married January 24, 1971. We're sure you join us in wishing Philippe and his bride the best of luck always!

No! Jack is not secretly wed—in fact, he's not married at all! He promises his fans that they will be one of the first to know when he's met that "special girl!"

Wes tells us that the only names he's ever known that belonged to him are Wesley (shortened to Wes) Stern. Wes claims that any other names are completely false and are not, in any way, connected to him!

Tell your sister's best friend's brother that he's very wrong. The Cowsills have just finished an album and they're as great as ever!

No, Ronny doesn't stutter in real life. You may have seen him as Opie in the old "Andy Griffith Show" and now he plays Henry Fonda's tennage son on "Smith Family." On both shows, unstuttering Ronny is charming.

Lucky for all of us, Rick is still very much in show business. He guests on many TV shows and is recording on the RCA label.

Yes, Pete did star with Judy Carne in a TV show, but you've got the wrong title—it was called "Love On a Rooftop."

Susan is not leaving the Partridge show. She says that her big love right now is the show and not a handsome, young photographer!

NO! Ben and Paul Newman are not related at all!

Bridget had a beautiful baby, and she is a little girl. Bridget and her husband named their new baby Bronwyn!
