

Remember last month I told you about how DAVID and SAM and STEVE were looking for new digs? Well, they have plenty of time, I found out this month, because the lease on their house is not up until December! Though they'd love to have their own ranch this summer, it's out of the question, so they've decided to just make the best of their hilltop home and spend their free time out by the pool, which is their favorite place around the house.

Though DAVID was hoping to get in a week's camping trip in the "wilds" of California, he didn't make it before filming on the "Partridge Family" resumed in May. He worked daily, doing interviews and photo sessions at his home, and never even got one day off! (Contrary to what was "made up" in that Brand X mag!) He also spent much of his time rehearsing his stage show. It looks as though DAVID will be doing two concerts a weekend for three weekends out of each month throughout the summer! So—there's a good chance you'll be seeing DAVID in person this summer. And I can't think of any more exciting news than that!

Though BOBBY had a good chance of winning the role, it now looks as though the filming schedules will conflict and he wouldn't be able to accept the part.

JERRY LACY, currently playing a major part in the TV soap "As The World Turns," took a week off to appear in the "Curse of Dark Shadows" film. "I couldn't turn down the opportunity to see all my old friends again," he told me over the phone recently. "It was a really groovy feeling to be working with LARA, NANCY and GRAYSON and all the others again. This is going to be some weird picture! The first one will be tame in comparison to this one!"

to New York, his first stop was Westchester County where he visited the set of "Curse of Dark Shadows." JON, as we reported previously, is not in this sequel but he couldn't stand being away from his friends so long. Incidentally, JON is negotiating with a major record company regarding a possible recording contract. He has a real sexy voice and he may begin a new career as a singer. Well, we'll buy all his records, won't we??????

Bobby Sherman

Didjknowthat BOBBY SHERMAN was up for the starring role opposite GOLDIE HAWN in the movie version of "Butterflies Are Free?" That's right! "Butterflies Are Free" was a hit play on Broadway about a blind boy who has lived a very straight life, but when he's 21 his mother lets him have his own apartment in Greenwich Village in New York. There he meets the hippie girl who lives next door (to be

MICHAEL STROKA reports that he's up for a major movie and a possible Broadway show. He says both opportunities can be traced directly to his appearances on "Dark Shadows." It seems the casting people were very impressed with his work. But so were we. . . .

Having his first real vacation in years, JON FRID took some time off and traveled up to his native Canada to visit family and friends. On his return

contractual problems that stood in the way. Those problems have been solved, now, and KURT has joined The Hawaiian Islanders in Bend, Oregon. Luckily, KURT finished his latest film, "Now You See Him, Now You Don't" at Disney Studios just before baseball season officially began.
