

ANOTHER SIDE OF

When David guested on the Glen Campbell Show he proved once again what a multi-talented young man he is. But we knew that all along, didn't we? Now, you can be there with David as he stars with Glen!

THE THEME OF THE GLEN CAMPBELL show was "The fabulous 50's" and everyone, including David, dressed in the baggy pants and jacket in style 15 years ago!

OTHER GUESTS ON GLEN's show included Little Richard and Dom DeLouise. Here David sings the finale with the stars. On T.V. they often film the ending first!

DAVID SANG THE SOLO on the oldie "Young Love," and Glen, Dom and "Buffalo Bob" sang the chorus! The costumes had so many sequins on them they really sparkled!

DAVID WAS GLAD THAT one of his best friends, Al Rhodes, came along to keep him company in between filming! David reads a note from a fan in the audience!

DAVID AND FRIENDS introduce a station break with a great "oldie," "Sha-boom!" If you look real hard you'll see our editor Sharon Lee (to Glen's right) looking on.
