## RUMOR:

## TRUTH:

*Your "Nothing But the Truth" column is fabulous! Please tell me if what my friend heard on the radio is true. They said Donny Osmond broke his leg and won't be able to dance for a while. I hope this is just a rumor.*

Don't worry, for a rumor is all it is! Donny has *not* broken his leg! As a matter of fact, he's as active as ever and it would be very difficult keeping him down!

*I've heard that David Jones and his wife Linda have been divorced, and then I heard from a second source that they'd be getting a divorce soon. Is any of this true?*

We're glad to report that none of what you heard is true. David and Linda are extremely happy together, and as of July 3 became the proud parents once again of another beautiful little girl!

*Has Ronny Howard ever done any professional singing?*

Ronny is very much interested in music, but at this stage has not pursued it professionally. However, he will be seen this season singing with his co-stars in one of the "Smith Family" episodes. It should be a very exciting show, so be watching for it!

*Is it true that Maureen McCormick and Barry Williams are secretly dating and going steady?*

We don't know where all these rumors get started, but once again it is absolutely false! As with all the members of the "Brady Bunch" cast, Barry and Maureen are very good friends, but they're not dating and certainly not going steady!

*I read somewhere that Bobby Sherman and David Cassidy have been fighting over Susan Dey ever since Bobby guested on the "Partridge Family" show. Is there any truth to this?*

Not at all! Bobby and all the Partridge cast members hit it off very well right from the beginning, but assure us there is no romantic interest among any of them!

*Hey, what's this about the Cowsills and Jackson Five having new homes? Please tell me what's been happening!*

We'll be glad to fill you in! It seems that over the summer two of the top family singing groups did some moving and both found beautiful new homes in the Valley! The Jackson family has moved from Beverly Hills to Encino, and the Cowsills moved from Santa Monica to a lovely, spacious home in Glendale.

*What kind of car does Alan Osmond drive?*

Alan owns a beautiful yellow Cadillac and can be spotted for miles when he goes zipping down the streets! It was given to him by his parents for his 22nd birthday in June!

*I've been trying to find this out everywhere! Does Merrill Osmond have a middle name?*

Indeed he has! Merrill's middle name is Davis, which was his mother's name before she became an Osmond!
