101

QUESTIONS!

1. How would you best describe yourself?

On various days I'm various people. Actually, I think I'm basically quiet, serious, and like to have goals to reach. But there are days when I just want to goof off and do nothing and sometimes I can be quite talkative and loud. But most of this depends upon my mood for the day. I would say that I am very sensitive to other people's feelings, because anyone who wants to act must have this characteristic.

2. Do you want lots of material things in your life?

No, not really. There are many things that make me happy, like my drums or a good record. But I'm not bananas over cars or clothes or things like that. I kind of like the simple life and owning lots of things makes too much responsibility.

3. Do you love all animals?

That's not a good question. Yes, I love some animals, but not all. Just because something is an animal doesn't mean I love it. I do love dogs, cats, cows and all the categories of animals in general, but not each one individually.

4. Are you good at cards?

No. I don't especially like playing card games. To me, it's kind of a waste of time.

5. What is your favorite time of day?

Sunset, when work is over and there's a good feeling about what you've accomplished.

6. Can you remember your first kiss and will you talk about it?

I sure do and I sure won't.

7. What do you like best about Shirley Jones?

Her warmth, honesty, and inner beauty.

8. Are you afraid of anything?

I used to be afraid that people might not like me. Now, I'm still a little hesitant about love and what goes along with it.

9. Do you like to go dancing?

Not particularly, but with the right girl, I don't mind.

10. Do you ever have trouble sleeping?

Usually I just have trouble finding enough hours to do it in!

11. Do you ever read comic books?

I used to, but now I read Tiger Beat. All kidding aside, I really like to read, but now when I get the time I enjoy reading a really good, heavy novel about something current.

12. Do you like to talk on the phone?

That depends upon who I'm talking to.

13. Do people ever pick on you?

Sometimes older people who care about me kind of ride me about what I eat. Nobody thinks I ever eat a balanced meal.

14. What is your favorite "Partridge Family" show?

The one that's on next week.

15. Some of our readers have been asking if you wear contact lenses because in some pictures your eyes are green and in others they're brown. You don't do you?

No, I don't. My eyes are hazel, the kind of color that changes with whatever I'm wearing or the color of the background against which I am photographed.

16. Do you have any plans for making guest appearances on other TV shows besides "The Partridge Family"?

Yes, if something I want to do comes up and I can get the time away from the series I'll definitely appear on other shows.

17. Your hair always looks so soft and shiny! Do you do anything special to make it that way?

Thanks for the compliment! The reason is probably because I wash my hair in the shower every day when I'm

working. Other than shampoo, I don't use anything special on my hair, though.

18. Do you have a nickname?

Not any more. I did have several different ones when I was growing up and going to school. Now that I think of it, most people don't even shorten my first name to Dave—I'm David to almost everyone.

19. Do you smoke?

I did until a while ago, but I gave it up before starting work on the series. I thought it was a good idea, both because it is harmful and doesn't do anything for my voice! I'm really glad I kicked the habit!

20. Is there anything serious between you and Susan Dey?

There is nothing between Susan and me but a very close friendship.

21. Did a fan give you the ring that you always wear?

No, the ring was given to me by my father on my 15th birthday. He had been given the ring by his mother when he was 15. It means a great deal to me.

22. Where do you go on weekends?

I could tell you any of a hundred places, because where I spend my free weekends depends on my mood of the moment. One thing, though, is that I try to spend time in open, uncrowded places where there isn't too much activity going on!

23. If you found the right girl, would you marry before 30?

Yes, I probably would, but I've been looking for quite a while now and haven't found her yet!

24. Which trait in a girl is the most appealing to you: Honesty, sincerity, looks, personality or naturalness?

Without a doubt, naturalness. You know why? If a girl is completely herself, she can't help but be the other four things too!
