# DAVID CASSIDY'S PRIVATE MAILBOX

**HELLO OUT THERE** in 16-land and—wow! Thank you once again for all your wonderful, beautiful letters! They're all so groovy, it's very difficult to pick the ones to answer! I've tried to pick the questions most often asked or most unusual. If you don't see your question to me answered here, then write me a letter and ask it yourself! And be sure to read this whole column this month for, at the very end, there's an incredible "David Cassidy goodie" surprise for you—and it's **ABSOLUTELY FREE!!**

Dear David,

Are you ever going to appear in Boston, Massachusetts, or in the northeast? What areas are you most likely to visit when you go out on tour?

**Sybil Lang**

**Revere, Mass.**

• Dear Sybil,

You can be absolutely sure that Boston, New York City and all other large cities in the east will be among those places where I eventually do live appearances. In fact, I would be happy if I could play every town in America, but that's highly impractical. Actually, I'll probably be playing the larger cities in the major areas of the States. For info on same, keep watching your local newspapers. Thank you for caring.

Dear David,

Do you listen to the radio? What radio stations do you listen to? Would you rather listen to the radio or records? Who are your favorite singers?

Dear David,

I heard you just moved into a beautiful new home. Could you please tell me a little about it?

**Henrietta Carmichael**

**Boca Raton, Fla.**

• Dear Henrietta,

I just moved into a big, luxurious home in the Hollywood Hills. The view is fabulous and I couldn't be happier. The house has a swimming pool, a den, kitchen, dining room and a couple of bedrooms plus a large, beautiful living room. It's a perfect house for a young bachelor—rustic with wood-beamed ceilings and a couple of fireplaces. P.S. I have a sunken bathtub too!

Dear David,

I've recently noticed that you no longer wear the silver and sapphire ring your father Jack Cassidy gave you. Could you tell me where you got the little gold pinky ring you are now wearing on your right hand?

**Abigail Fields**

**St. Louis, Mo.**

• Dear Abigail,

The silver and sapphire ring I used to wear was a gift
