ADDRESSES	PERSONAL DETAILS
CBS-TV 7800 Beverly Blvd. Hollywood, Calif. 90036	GLEN CAMPBELL Glen always smiles ironically when anyone refers to him as an overnight success—because his “overnight” was 15 years long. At 14, he quit school and began playing small clubs. At 17, he had his own band which worked seven nights a week for low pay. A few bands and a few years later he left for California with his wife and only a \$100 in his pocket. After working as a back-up man for big name artists, he was eventually signed by Capitol. But it took him five years before recording “Gentle On My Mind.”
ABC-TV 4151 Prospect Ave. Hollywood, Calif. 90028	JOHNNY CASH Not only can Johnny sing country style—now he is going to act it in the western “A Gunfight.” This is his first big film and he had a good time making it with co-stars Kirk Douglas and Karen Black. Johnny admits he and his wife June love watching movies and they have a projector in their home. But he objects to the great use of four-letter words in many of today’s films. And when asked to do a nude scene with Karen, he refused.
ABC-TV 4151 Prospect Ave. Hollywood, Calif. 90028	DAVID CASSIDY David was hired to play the role of Keith on “The Partridge Family” because of his acting, not his singing ability. Now some say it’s partly his talents as a vocalist that account for the show’s and the group’s popularity! The single “I Think I Love You” went—in six weeks—from No. 100 to No. 1 on the music charts!
Box 900 Beverly Hills, Cal.	DIAHANN CARROLL Gorgeous-looking Diahann knows that health is essential to beauty. She’s always concerned about her diet, sleep, exercise and grooming—but she doesn’t enjoy being fussy. Drugs and smoking are taboo for her! And it amazes her that people take better care of their cars than they do of themselves!
Thomas-Spelling Prods. Paramount Studios 780 N. Gower Hollywood, Cal.	MICHAEL COLE Before Mike became an actor, he tried his hand at every odd job he could get hold of. He even worked as a dishwasher in a pizza parlor. Bartender and handyman in a theatre workshop are a few of his other past occupations. But the job he liked the most was in a bookstore—and reading is still one of his favorite pastimes. Although he’s a bachelor, he enjoys a quiet evening at home with one of his favorite books.
