

So many exciting things have happened this month, I really don't know where to begin! Even though the "Partridge Family" wasn't filming, we saw a lot of DAVID CASSIDY, as he came up to the TIGER BEAT offices about two or three times a week all through the month of March. Why so often? Well, he was preparing for his very first live concert to be held on March 26th in Seattle, Washington. He knew his fans would want a great-big life-size poster of him, and he wanted it to be the best or not at all—so, he came up to our offices several times to look through the thousands upon thousands of color slides our photographer Kenny Lieu has shot of him in the past year.

Besides picking a super shot for the color posters, DAVID chose a stack of color slides to be shown on a huge screen just before he comes on stage. It's the most exciting thing—the backup band plays an overture of Partridge Family songs as the slides flip into view and the excitement just builds and builds until you can't stand it anymore and then DAVID appears on stage! Dynamite!

Another equally thrilling thing was the morning we got the news that BOBBY SHERMAN'S TV pilot had sold! I called BOBBY the minute I heard the news and his voice sounded like he was as elated as I was! If you haven't already read the news in your local TV listings, BOBBY'S show (as yet untitled) will be on every Saturday night at 8:30 p.m. for ABC-TV. So if you loved BOBBY on "The Partridge Family," you can plan to stay home on Saturday nights next year. I plan to!

To answer a few letters I've received concerning BOBBY'S activities—because the whole Partridge Family-Bobby Sherman Show deal came up so fast

Just for your information—some of your favorites will be returning to the tube next fall. They include, of course, "The Partridge Family" (which means our contest winner will have a part on the show!), "The Brady Bunch," and "Alias Smith and Jones." The ABC executives spent many days and nights deciding on the fate of PETE DUEL and BEN MURPHY'S new show, and they finally gave it the go-ahead. It's great news and you can bet we'll have lots about these two groovy guys in future issues!

Rah! "Alias Smith & Jones" renewed!

in January, all BOBBY'S other plans were set aside. Like, his TV pilot "Zoom," his Movie of the Week and his guest appearances on other TV shows. He decided to put all his energies into recording and touring until he begins filming his own show in June. Hope that clears things up—I know it got a little confusing for awhile there!

Bobby's new TV show will be on Sat.

FRANK ZAPPA'S movie "200 Motels" ... ANDY KIM, whose new record is fantastic, was the only rock performer on a recent Milwaukee telethon, inspired the largest single donation during the 20-hour benefit. While most of the \$50,000 raised on behalf of the Mt. Sinai Medical Center's epilepsy clinic came in amounts of one to five dollars, ANDY'S Milwaukee fan club contributed \$600! ...

David: "I Think I Love You"

When DAVID wasn't here, we were following him around! I stopped by DAVID'S rehearsal the day before he left for Seattle and I couldn't believe my eyes! What could be more dynamic than DAVID on record or on TV? DAVID singing live! He moved so effortlessly with the music and it all seemed so natural! His lucky fans in Seattle and Portland already know how incredible DAVID is in person and I'm sure it won't be long before you'll be able to experience him too!
