

# The Partridge Family Photo Album!

## OUR FAVORITE PIX!

With the FaVE photographer on the Partridge set almost every day, we've managed to pile up hundreds of photographs from TV's hottest new show! So one day we brought them over and

had the gang go through them, choosing some of their favorite ones. We knew you'd like to see them too, and here they are, with titles written by the stars of "The Partridge Family!"

**DAVID:** "Meet the guy responsible for all these pix! Dave Madden took this shot of Kenny Lieu with me."

**SUSAN:** "One chilly morning I was all bundled up and on my way inside when Kenny told me to point, so I did!"

**DANNY:** "If you want to get a beautiful wig like the one I'm wearing here you'll have to write me a letter!"

**JEREMY:** "Suzanne and I spend hours playing with Simone between scenes. I'll bet you didn't know she is a he!"
