

# FaVE's Eye Contest Winner Tells You About:

## "The Most Wonderful Week of My Life!"

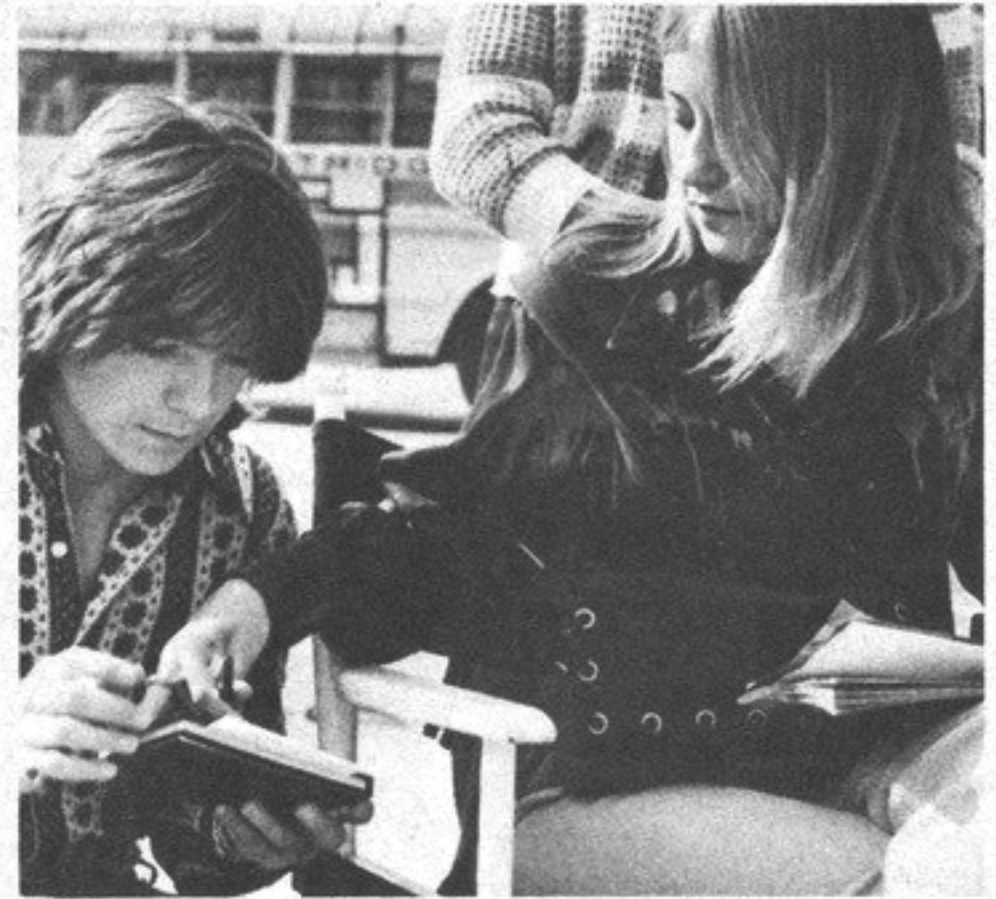

By Candy Moore, 15

"I had never even entered a contest before, and when FaVE called from Hollywood to tell me I'd be going there as the winner of their Eye Contest, I flipped! I felt like the luckiest girl in the world, and I'd like to share my dream days with all of you!"

**I COULDN'T EAT A THING** when I had lunch with David Cassidy and Susan Dey! They were both so nice to my mother and me that I wasn't nervous at all after talking to them awhile!

**SHIRLEY JONES** is telling me what's going to happen in the next scene! Everyone went out of their way to make me feel at home, and I almost cried when it was time to leave!

**MY AUTOGRAPH BOOK** went with me everywhere, and the day I spent on the "Partridge Family" set it really got a lot of famous names in it!

**IT WAS EXCITING** to visit "Laugh-In" where I met all the stars, including Ruth Buzzi! I even got used to having my picture taken!
