

## PARTRIDGE FAMILY SECRETS CONTINUED

*Q. Do Susan Dey and David answer any of their own fan mail?*

A. Yes, David and Susan try to answer what they can but they are usually so busy they don't have too much time. Both Susan and David write exclusive columns in FaVE and Tiger Beat magazines, and they answer your questions there! You can drop them a line at Tiger Beat's "Tell It Like It Is" column — and find your questions answered right there by either David or Susan! David also writes a monthly letter to you in FaVE, and Shirley Jones has a love and beauty column there too!

*Q. Does David really play the guitar and sing? What other instruments does he play?*

A. Yes, David really does play the guitar and that magical voice you hear on television and records belongs to him, too! David also plays the drums.

*Q. Do the Partridge children really get along well together? Do they visit each other on the weekends?*

A. Dante, Jeremy and Suzanne always have loads of fun on the set, playing ball, riding bikes or sometimes even having lunch together. Their families do visit each other on the weekends for special bar-b-cues or get together whenever possible, however they live so far from one another that sometimes this is difficult. Dante often looks after Suzanne on the set and cares for her the way an older brother would!

*Q. Does Susan Dey wear very much make-up on "The Partridge Family" show? When she isn't working does she wear more or less?*

A. When Susan isn't working she doesn't wear make-up at all, except if she's going out and then she wears just a dab of mascara and a light shade of eye-shadow. For her role as Laurie Partridge, Susan

wears just a bit more mascara and a small amount of eye-liner.

*Q. How many brothers and sisters does Jeremy Gelbwaks have?*

A. Jeremy doesn't have any sisters. He's got two younger brothers, Matthew 8 and Daniel 5. He lives with his mom and dad in Canoga Park.

*Q. Did David Cassidy write the Partridges' first single record "I Think I Love You"?*

A. No, David didn't write that one. It was written by Tony Romeo and produced by Wes Farrell for Bell records.

*Q. Does Suzanne Crough have any pets? Does she like animals?*

A. Suzanne loves animals and she's got three at home. A grey cat named Tiddles; a Collie dog called Lady and one of Lady's puppies who goes by the name of Tramp. Suzanne loves to come home from work at night and romp around on the floor with Tramp & Lady, who love her just as much right back!

*Q. Does Shirley Jones want her children to go into show business?*

A. Shirley Jones and Jack Cassidy have three children — Shaun, 12, Patrick 8, and Ryan 4. Right now they're a bit too young to go into show business, but Shirley thinks that decision should be up to them when they are older. She does want them to go on to college after they graduate from high school before making a final decision. Shaun has already expressed an interest in a show business career, though.
