Dear FLIP,

I live in the sunny Caribbean on an island called Trinidad. My name is Analisa Bermudez and I am 13 years of age. I have seen Barry Williams in the TV series, "The Brady Bunch," and I have liked him ever since. I recently bought one of your magazines and I saw Barry's picture in it. I flipped!! He's so dreamy. I read where he likes pet animals. I do, too. I have a beautiful Siamese cat, which I love very much, and a pet dog. P.S. If it is possible, could you please publish my letter in your magazine?

Dear FLIP,

I enjoy reading FLIP a lot. I like it the most of any other book, but there's one person I wish you'd put in more, and that's Chris Knight. You have a lot of Bobby Sherman, David Cassidy and Barry Williams, but never enough of Christopher Knight. I hope you will have him a lot, too. I'm not trying to criticize Bobby, David and Barry, but I want Chris in, too.

Dear FLIP,

It has made me very sad that "The Young Rebels" has been canceled and never will return to television. But I want to thank you for all the wonderful pics and articles you are printing on "Rebels" and hope you will continue to keep all us fans up to date on what's happening to them.

Dear FLIP,

If you've not seen Elvis' new movie entitled "Elvis, That's the Way It Is," you're missing a lot. As well as showing him at rehearsals, it shows a lot of his performance and it lets you hear a lot of his fans who have seen him and talked to him. I thought it was a great movie and shows that there is no doubt about him still being the King!

Dear FLIP,

In your February issue of FLIP you had a love test to see how a girl would stand up next to David Cassidy. My girlfriend kept telling me to take the test. "Come on, you don't have anything to lose, and I'm sure you'll score 100," she kept saying. Well, I took the love test, and I passed with flying colors, and you know something, I'm very proud of it, but I don't know why! For me to pass a real love test, David and I would have to meet and he would have to get to know me before he passed judgment on me, just as I would have to know him before I passed judgment. But so far, from what I read and see of Mr. Cassidy, I'd say he's every beautiful word you could think of. And, yes, Mr. David Cassidy, I could be devoted to you, maybe.

BUD CORT

Dear FLIP,

I just saw the World Premiere of the movie "Brewster McCloud" in the Astrodome. All I can say is, if you get a chance, go see it! It is really great! Bud Cort, who plays Brewster, is an absolute doll. He has long dark hair and great big blue eyes. Mmmmm! Maybe I'm prejudiced 'cause "Brewster McCloud" was filmed in Houston (it shows a lot of it) but it ranks as one of the best movies I've ever seen!

Dear FLIP,

Your Bobby "Peace" Poster in the January issue was great! Try keeping it up! The poster's on my wall already!

Dear FLIP,

I am the luckiest girl on earth. I recently attended the taping of "The Johnny Cash Show" just to see Bobby Sherman, and boy did I! I had a front row seat, and Bobby asked me my name. I just thought I would die!
