

ABOVE, DAVID ON his luxurious velvet couch & below in his sunken tub!

DAVID'S new house is something else! After Thanksgiving, DAVID and SAM decided that their present house was just too small and they began looking for another. They looked for some time and then just after the new year they found the most fantastic house you've ever seen! I couldn't believe my eyes—sunken bathtubs, deep pile carpets and the most luscious furnishings imaginable! To say the least, DAVID couldn't be more pleased about his new home! Now, when he comes home after a long and tiring day he has a place where he can truly relax!

DAVID'S NEW HOUSE, above, is filled with books & below, his gold record!

We've been telling you for some time now that **BOBBY SHERMAN** isn't going steady, engaged or married. **BOBBY**, himself, has been using every TV program he's been on to further the truth to his devoted fans. All along he's been dating a number of girls, but because of one over-ambitious publicist that worked for **BOBBY** for about a month everyone was convinced he was going steady with **PATTI CARNEL**. While he and **PATTI** did and do date, he also dates other lucky ladies. His recent date for the Golden Globe Awards here in Hollywood was the pretty **LORI WEGTER**. **BOBBY** isn't always photographed with the girls he dates, but you can rest assured his dream girl is still a dream!

I ran into **MICKY** and **SAMANTHA DOLENZ** the other day and I was so happy to see them together. I told you a couple of months ago how they were trying a trial separation; and I was really glad to find out that they are back together again and everything looks rosey! One of their closest friends

told me that like many young couples they have their disagreements (who doesn't?) and because **MICKY** has a temper he sometimes leaves in a huff only to return the next day. He knows, deep down, that he loves **SAM** and she feels the same and sometimes it just takes some thinking time alone to remind himself of his true feelings and of the things that are really important to them both!

Southern California radio station **KWIZ** recently sent disc jockey **BUDDY CLYDE** to Hollywood to tape an interview with **DAVID CASSIDY**. A

Bobby with his date, Lori Wegter.

photographer was sent along, who snapped pics of **DAVID** and then the station sponsored a contest where the first 100 letters arriving at the station would win their authors an autographed photo of **DAVID**. The morning after the contest was announced, 1,500 letters arrived at the station! And the mail increased every day for a week! Winners were chosen from the first batch that arrived. Guess **KWIZ** didn't realize the impact of **Partridge Power!** *Continued on page 74*

STOP PRESS!

A late flash received as we were going to press: On Wednesday, March 3rd, **BRIDGET HANLEY**, (Mrs. E. W. Swackhammer) gave birth by natural childbirth to a 6 lb. 7 oz. baby girl in Encino, California. **BRIDGET** and her husband **SWACK** named the 19½ inch baby **BRONWYN**. She was born at 5:29 a.m. "with a head of black hair" **BRIDGET** told us. Congratulations from the **TIGER BEAT** staff and its readers to the happy parents!
