

GREAT NEW FAVE!

Like him? I love him! I think Ron Martin is great! I'm sure glad you introduced him to us through FaVE. Please print lots and lots of stories on him!

SUPER TWINS

Lots of people say that Ben Murphy looks like Paul Newman, but I think he looks like Ryan O'Neal! How about you?

THE POWER OF ESP

Next to David I think Steve Ross and Sam Hyman are the most beautiful guys in the world! Laudy Powell must have ESP for saying that those two would be picking up fans fast. She was right—I'm one of them!

A TWO-YEAR BOOKING

This is to all Donny Osmond lovers: You can have him now, but in two years I get him! So when the time comes, hands off!

MAGAZINES BY MAIL

I just had to write and thank you for your wonderful service when delivering my FaVE magazines every month! I'm glad I subscribed to your magazine and to TIGER BEAT because they're both so groovy. Keep up the good work!

OPEN YOUR EYES

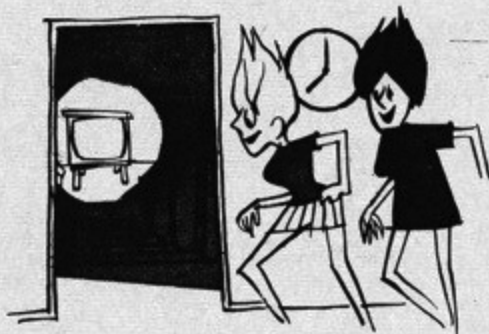

You kids who love Jack Wild and Barry Williams should just open your eyes and take a good look at Donny Osmond. He just has to be the best! You can't be blind all your life, so the next time FaVE comes out, read one of Donny's columns or look at one of his pictures and you may learn something!

LET'S HAVE MORE!

Please print more on adorable Jack Wild. Even though he is little in size, that is no reason for printing "little" on him. More color pics would be nice, too!

CHILLING EXPERIENCE

Every Monday night at 8:00 I run downstairs to watch "The Partridge Family." It sends chills up my spine just to see them together in song. I think it's a great show, as it bridges the generation gap.

BETTER LEARN NOW

This is to all the people who like Bobby Sherman and David Cassidy: You'd better watch out because the Osmonds are beating them in singing, and in talent! Take my word for it, or you will find out the hard way!
