"There are lots of reasons I've become involved with this project," Bobby said seriously, "and I know I can depend on my fans to help!" Bobby goes into the background of his idea in his personal letter to you on page 7. Don't miss it!

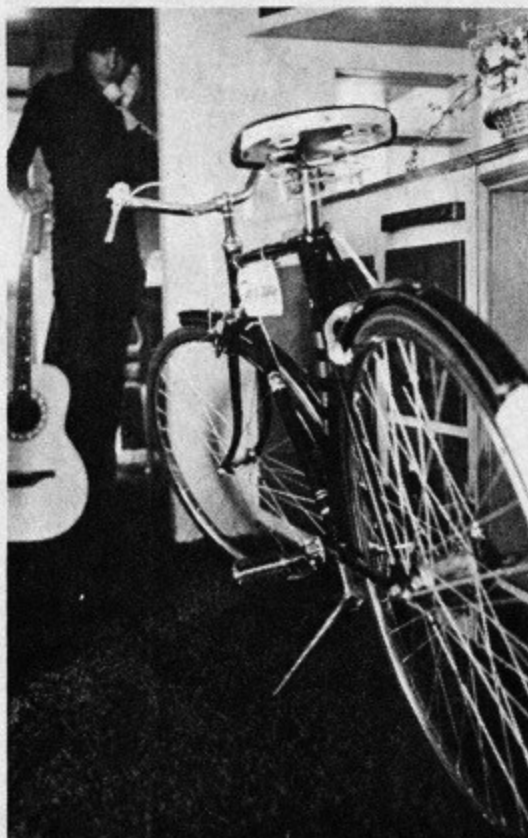

Little did Bobby know it when I talked to him, but he had a belated surprise birthday party coming up only a few days later! We the editors of FaVE, Tiger Beat and Tiger Beat Spectacular did the planning, but it was actually **your** party for **Bobby!** The reason? The hundreds and hundreds of gifts for him that kept coming into our offices every day! We decided to make a lunch date with him and spring all the goodies on him unexpectedly!

nounced this month on page 53! She's **Pam Turner**, from Richardson, Texas, and she says she's the most excited girl in the world! We're already thinking up another super-giant contest that **you** might win, so keep tuned in and hear all about it!

Speaking of the **Osmonds**, they came by to see me just last week. I shouldn't really say "came by" because when they arrive it's more like a happy, joyful invasion! Suddenly my whole office was filled with their smiling faces, and they were full of stories about their recent concert appearances!

"The audiences have been fantastic!" enthused Jay. "They seem to get better with every show we do!"

"Some of the fans are really something!" grinned Alan. "Do you know that in one place we were surrounded by 20 policemen on our way to our bus, and the girls got through them anyway!"

TWO OF DAVID'S favorite things are kept in his new dressing room!

For all the exclusive pix and fax on **Bobby's** party, don't miss Tiger Beat's November issue! It goes on sale Tuesday, October 12th, and it'll have a big photo of **Bobby** on the cover, carrying the huge bubble-gum machine that was our gift to him!

This seems to be our big issue for contest winners! After having her first trip to Hollywood cancelled due to **David's** illness, we finally got to meet FaVE's Smile Contest winner, **Karen Bowman!** She's a real doll, and her #1 smile won over everybody, including **David!** (More on page 11!)

The winner of the "Be Adopted By the Osmonds" contest is also an-

"And when we saw the bus," added **Wayne**, "girls had written 'WE LOVE YOU!' all over it with lipstick!"

"Then there was the time Donny almost got pulled into the audience from the stage..." recalled **Merrill**.

"It was a good thing **Merrill** was there!" said **Donny**. "He pulled me back just in time!"

Does all this conversation at once sound a bit confusing? Well, it was, but I loved it! And the **Osmonds** love all the excitement that they are causing—they told me so!

MORE CONCERT NOTES: Here are some up-to-the-minute dates for Cow-sill concerts!

ON A RECENT promo tour, Barry Williams visited a children's hospital.

And the great Jackson 5 are still packing the audiences in everywhere they go! Their show drew 110,000 fans in Milwaukee—the largest in the city's history!

Well it looks like I'm running out of space again! Before I go, let me tell you a couple of things to watch for: One is the Osmonds brand-new single called "Yo Yo"—it's terrific! The other? December FaVE—on sale October 26! See you next month!
