

run into **Dave Madden**. (Of course in that outfit he'd be hard to miss.) Last month Dave only wore the sunglasses and the beret, but one of his neighbors made him some love beads and they really complete the picture!

Shirley's new clothes are great!

And what is Shirley Jones wearing these days, as long as we're on the subject of clothes? This season, Shirley has worn a great deal of navy blue. Watch for a navy blue knit dress, and a blue pants outfit with a red and blue shirt. Another interesting outfit you'll see Shirley in (along with Susan and Suzanne) will be a green hotpants costume. All three of the Partridge girls looked great!

PARTRIDGE MAILBOX

Dear Celia,

Does Susan Dey bleach her hair? I saw her in person, and her hair looked a lot lighter. Also, has Susan ever thought about getting her hair cut? I want to know because I've been thinking about cutting mine.

Thank you and peace,
Lindsey

Dear Lindsey,

No, Susan does not bleach her hair. Susan's hair photographs darker than it really is.

I asked Susan if she's ever thought about getting her hair cut, and she said:

"Of course I have, but what girl hasn't? I think that it's a personal decision though, and no outside force should influence you!"

Dear Cecelia,

Do you go down to the Partridge set very often, or do you write your articles by what Danny tells you?

Another thing, I ordered my Partridge kit, and I just loved it... thank you.

Peace,
Marie

Dear Marie,

I visit the set once or twice a week, so all my information is first hand.
