

IT'S FUN TO LOOK AROUND Bobby Sherman's "Getting Together" set, but it's more fun to let Bobby show you around as Karen soon found out! Meeting Wes Stern and Susan Neher was exciting for Karen too, and Wes gave her some important acting tips. It was almost time for her big debut and like she said herself, "as it was getting closer I kept getting more scared!"

BUT THERE WAS STILL another dinner date for Karen first! Handsome actor Rick Ely took her and her mom to the Villa Capri! "His eyes are beautiful" she gasped!

FINALLY THE BIG MOMENT arrived! Partridge hair stylist, Josephine Robicheau gives Karen's hair one more going over with the brush. Karen said her heart was pounding, but she only had to think of all the encouragement the Partridge stars gave her and she felt better!

HERE'S KAREN IN HER scene with David! You can see the show when it's on this fall so stay tuned to Partridge Magazine for the important date! After Karen's scene, all the Partridges congratulated her on a job well done! Dave Madden and Danny took her to lunch to celebrate!

THERE WAS STILL ANOTHER surprise in store for Karen! She and her mom got to sit in on David's concert rehearsal! That's editor Sharon Lee and Al Rhodes with them!

WHAT COULD BE MORE suitable for a going away than a party! In this case it was Danny Bonaduce's 12th birthday! He got a huge cake and lots of cards and presents from all the cast and crew! The cake was delicious and David couldn't help but sneak a bite from Karen's slice! It was the end of a happy week for Karen and the beginning of beautiful memories!
