

EDITOR'S INSIDE STORY!

by Sharon Lee

This month was one of the busiest yet! The winner of the Partridge Family Smile contest, Karen Bowman, came into town to spend a delightful week in Hollywood! She had a marvelous time and said that "It all happened so fast I couldn't believe it!"

Karen even got to be in one of the Partridge episodes and she was very good in her acting debut! "I was so nervous I kept calling David David instead of Keith during my scene!" she exclaimed!

But you can spend the entire week with Karen, having lunch with Susan Dey, dinner with actor Michael Gray, and a day at Disneyland with one of David's roommates, Al Rhodes, if you turn right now to page 22!

David looked a bit tired his first week back on the set after his operation, and was he ever thin! He's put on some weight now and is doing fine! He says he really missed everybody and especially missed touring!

Speaking of touring, be sure to read our exclusive column by David's back-up singer, Brooks Hunnicutt, in every issue of Partridge Family Magazine!

You don't have to worry about missing an issue either! Now Partridge Magazine is available by subscription and
