Q. What I'd love to do more than anything else is talk to David on the telephone. Another magazine I was reading had a big announcement that said they had the numbers of all the stars available in a booklet that we could purchase! Can this be true? I don't have much money and I'd love David's number, but is this book really real?

A. Absolutely not! Well, the book is a real book, but as for the telephone numbers, you can forget it. The numbers provided in the book are numbers of studios, agents, public relations firms, etc., that anybody can get from the telephone information operator or telephone directory.

Q. Do the editors of Tiger Beat, FaVE and Tiger Beat's Official Partridge Family Magazine really get to visit with and sometimes tour with David? I just can't believe it!

A. Yes, they do. Here's editor Sharon Lee with David on his tour to Ohio. Be sure to read "Let's Tour with David" in every issue of Partridge Family, and if you missed "On the Road with David" by Sharon in the August issue, check page 24 and order a copy now!

Q. Does Susan Dey chose her own clothes for the show? I think the outfits she wears are just darling!

A. Although Susan does pick out some of the clothes she wears on "Partridge Family," most of her wardrobe is selected by Betty Cox. Betty selects the clothes for all of the "Partridge" women, and somehow she always chooses exactly what they like! Be looking for our exclusive story on the Partridge wardrobes by Betty in coming issues.
