

Dear FLIP,

This is for Bobby Sherman: Bobby, they can never take you away from me. I'll buy any magazine I see your name in, it doesn't matter if it's a teen book or not. I'll go anywhere you appear, it doesn't matter if it's a nightclub or a teen concert. Your records are always there, too; they can't take your records away from us, or TV. Just the same, don't let them tell you that you need adult fans, because you can't get away from your teenaged fans. I'm sure there are others like me who do the things I do to prove my love for you. Even though I don't think they could ever take you away from me, think carefully, but make the right decision. Bobby, please don't let them take you away from us, because we really love you, honest we do.

Dear FLIP,

The picture of Rick Ely that appeared in your June issue was the most sexiest picture of Rick I've ever seen! I felt just like crawling down alongside him! Thanks for printing it!

Dear FLIP,

It just isn't fair! I live in Rochester, New York, where a Three Dog Night concert was filmed for TV last August 1st. As of yet, the special has not been televised here, but when Three Dog Night came back in February, Chuck told us it had been shown in California! What can we do to get the special shown here, where it was actually filmed? I was at that concert, and it was a blast. Everyone there (including the group) was having the time of their life. Cory tore off his shirt, jumped on Jimmy's organ and started dancing. He was doing other crazy things, like hitting Mike with a towel and giving the cops bear hugs! It was a riot! When Danny got tired from jumping around, he just sat down right on the stage! They were friendly, funny and fantastic! I'm really dying to see the special!

Dear FLIP,

I really want to thank you for putting more and more about Frank Webb in your magazine! And now he finally appears on FLIP's cover (June issue), besides a color pin-up (which was fantastic) and a story! I love your magazine and as long as Frank's in it, I'll always buy it.

Dear FLIP,

I doubt my letter will be published, but I just want to tell you that I was ready to kiss your book to pieces when I saw the gorgeous pics of my #1 idol, Ben Murphy, in your May and June issues. I am sure that I am his #1 top fan. Yours is the only magazine I read, 'cause I think yours is the greatest. Please keep me in heaven with more pics of my favorite, Ben Murphy (alias Thaddeus Jones)!!
