

CALIFORNIA CALLING...

Keep up with what's happening out West with our gal, Kathryn Paulsen!

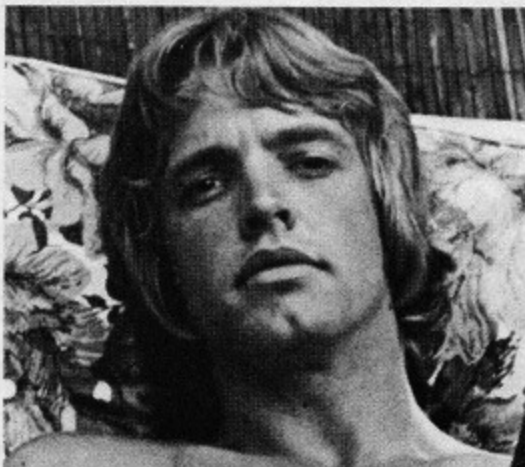

David Cassidy deserves a rest—his concert tour was one of the summer's biggies!

I GUESS by now all you **BOBBY SHERMAN** fans have heard the great news—Bobby's going to have his own weekly show next September, Saturday evenings on ABC. Bobby will play a young song writer trying to make it in Hollywood, and every week he'll perform at least one song, including some of his own compositions. Bobby's really thrilled to have a chance to combine acting and singing in his show. (By the way, it's hard to imagine anyone stealing the show from Bobby, but, for my money, that's just what his co-star **WES STERN** did on the show's pilot that appeared as an episode of "The Partridge Family." Anyway, I'm sure they'll make a great team!)

Right now **DAVID CASSIDY**'s in the studio recording a new album. No title

or release date yet, but it should be out sometime this summer. Everyone knew David's concert tour was sure to be a success, but the response has been really overwhelming. He'll continue to tour in

Columbia, Maryland.

BARRY WILLIAMS is on tour, too. In fact, he just left this week for appearances in Milwaukee and Denver. And right before he left, Barry signed a recording contract with Paramount records. Keep listening for his first single release.

THE OSMONDS are getting ready for a European tour after winding up their Japanese tour. What the brothers say they're *really* ready for, although it's likely to be a long time till they get it, is a good vacation! Look for a new album from them very soon, too.

CREEDENCE CLEARWATER REVIVAL weren't at all amused that their much-talked-about-but-never-shown television special is finally scheduled for airing—now that **TOM FOGERTY** left the group and over a year after the film was made. But the good news is that Creedence is re-forming.

Anyone remember **THE MAMAS AND THE PAPAS**? Well, they're going to be recording together again. Their
