

# David's puppies ...and how they grew!

It was almost a year ago when David's favorite pups Sam and Sheesh became the proud "puppy parents" of five of the cutest puppies you've ever seen. All five were given away in a super TIGER BEAT contest. We thought you'd love to see how the puppies grew... and here

**PEPPER: WON BY** Jana and Julie Minimoto of Monterey, Ca. They write: "Pepper now weighs 37 lbs. He's very healthy; and dislikes cars. In fact, once he jumped out the car window! He's very gentle and gets along well with other dogs. He knows a few cute tricks and we love him very, very much!"

**CASSY: WON BY** Janice Richards, of Pasco, Washington. Janice writes: "When I first got Cassy, she was afraid of everything and would only come to me, but now she isn't afraid of anything! She loves to show off - I start to take a picture of her and she stands on her hind legs and dances!"

**DAINTY: WON BY** Christy Barker of Shreveport, Louisiana. Christy says: "Dainty is such a sweet dog, she has brightened up our whole household! My friends come over to visit her often and it's really a good feeling to care for one of David's pups. She's expecting her own puppies soon!"

**TIGER: WON BY** Patricia Harris, Danville, Ill. Patricia writes: "Tiger is a very, very active dog - he'd run and play 24 hours a day if you'd play with him. He's really smart and will fetch a ball or whatever you might throw. He shakes hands, sits up really well. He dearly loves raw carrots! We have two tom cats and Tiger loves to play with them. They get along well. He sleeps with me at night. I really feel lucky to have won Tiger, because he makes me feel I'm closer to David by just having one of his puppies. He's great!"

**HAPPY: WON BY** Anna Schacherl from Beasley, Texas. Anna tells us: "Happy has really lived up to his name - he's full of fun and it makes us happy just to be around him. He loves chasing around in the fields surrounding our house and it means so much to us to have him! Thanks!"
