

before we knew it, it was time for DAVID to be getting to the hotel to get dressed!

Before he went on stage, DAVID was wished good luck in his dressing room by his mom, SUSAN and his friends. It was a great concert with some unexpected twists (see our back cover!) and DAVID put on his usual sensational show. All I can say is, "thanks, DAVID, for the wonderful show you gave us!"

It was a very exciting month for DAVID CASSIDY and I was sure happy to be near him to share his happiness. On June 13th, DAVID did his first California concert in San Diego; and it was the first chance he had to invite all the people he's closest to. His mother, EVELYN WARD, was his extra-special guest along with SUSAN DEY and a host of other close friends from Los Angeles.

Unfortunately SHIRLEY and JACK CASSIDY couldn't make it to the concert, but the huge flower arrangement they had sent backstage let DAVID know they were thinking of him. TIGER BEAT'S photographer, STEPHEN LAUFER, and I met DAVID at the San Diego airport as he arrived in from doing a concert in Salt Lake City the night before.

Before BOBBY SHERMAN went to work on his new series in June, he invited us out to his new home to shoot some super-exclusive photos of his dogs and naturally we said we wouldn't miss it. BOBBY had described his home to me in detail, but no amount of words could describe just how comfortable it is and how happy BOBBY looks as he leads you on a guided tour. And before I left he promised he'd take YOU on a guided tour as soon as it's all finished!
