

WHAT TO WEAR ON A

Date With David!

*L*istening to the new Chicago album in front of his roaring fireplace... catch-a late movie and a pizza afterwards... going horseback riding through the hills... these are the the things David likes to do on a date!

If you're the girl who would like to share these with him, you must above all be yourself! No phonies for David—he couldn't care less about girl who's too busy putting on airs to relax!

But like every guy, David's a girl-watcher, and before he can get to know how right you are for him, he's got to notice you first! One sure way to his heart is to look like the kind of girl he'd be interested in!

The girl sharing secrets with David here is Jan Freeman, his stand-in on the Partridge Family. Although they don't date and are just good friends, hardly a day goes by that David doesn't have a compliment for Jan on what she's wearing!

The key is the casual but well-put-together look. David loves girls in jeans—but they should be clean and fit well. Her layered shirt and sweaters are in the beiges and browns he loves best.

Just add an unusual belt and some funky rings and bracelets and the outfit is smashing! Can you make this look work for you? Then you could be the girl who has David whispering in her ear!
