

# EDITOR'S INSIDE STORY!

by Sharon Lee

Super things just keep happening around here every month! First of all I was surprised one afternoon by a phone call from David! I knew he was getting in from Europe around February but I wasn't sure of the date—and neither was he!

All he knew was that his first concert, after he got back was scheduled for February 19! David was just brimming over with excitement telling me all about Europe. Even over the phone he sounded so rested and thrilled.

Now, he says he wants to go back again! Spain was one of David's favorite places, but he also liked Italy! Would you believe that he rented a van in Europe and just drove where ever he pleased most of the time?

At first David's roommate Sam Hyman was going to go with him, but too many previous commitments held him back. Sam said that David had such great stories to tell about Europe, that listening to them was almost like being there himself!

Anyway, David's well rested and excited about his first concert! "I think I forgot how to sing!" he joked. But we know that's impossible. David will never forget to sing—he's too great! I was glad David called because it gave me a chance to give him a belated thank you for the wonderful Christmas present he gave me!

When I had received it David had just left for Europe so I didn't get a chance to thank him. It was so sweet

of him. The gift was a gigantic box filled with all kinds of imported cheeses—and since I love cheese it was just perfect!

We didn't get a chance to talk much because David's been gone so long he has a lot of catching up to do at the recording studio. He still doesn't have to go back to begin filming on the Partridge set until May. But, he said he can still use the rest!

the Glen Campbell show and were they ever terrific. I hope you didn't miss it, but if so, be sure to catch it during reruns.

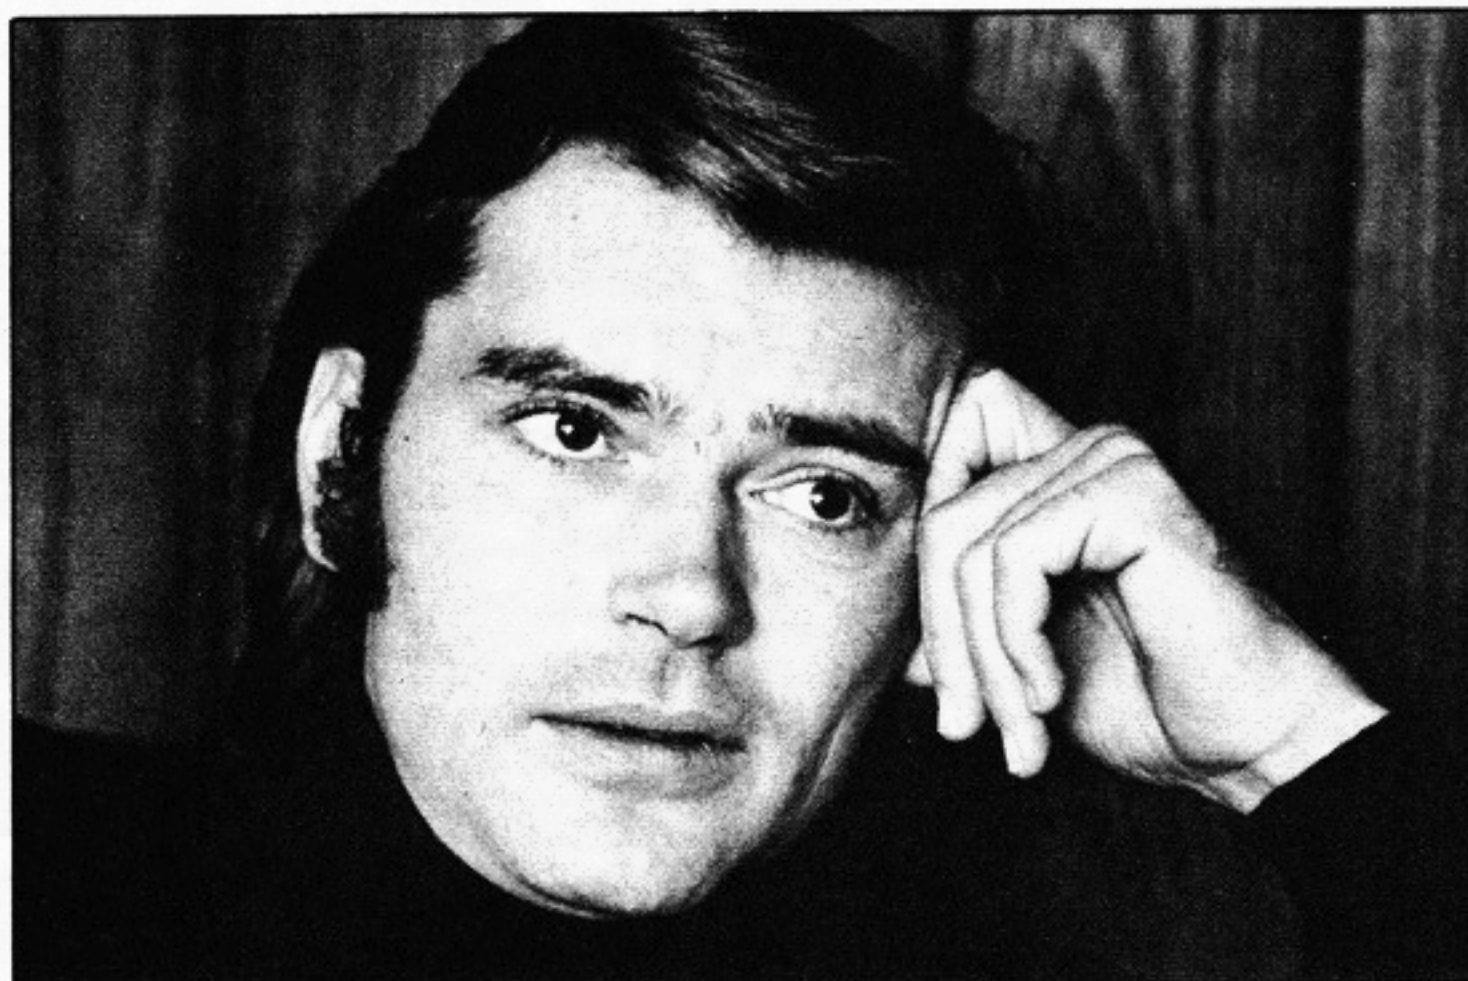

After the Osmond's Forum concert they threw a big party at MGM President Mike Curb's house. There were tons of people there to congratulate the boys on a fine job, including the Carpenters, Wes Stern and Pat Boone and his girls. They were at the concert too, and so were Barry Williams and Michael Gray!

There was a wedding in the Osmond family early this month! Virl Osmond decided to take the big walk down the aisle. Tiger Beat's Editor Ann Moses was invited to go along and cover the whole story, so we'll have more for you on this exciting event next month!

Speaking of the Osmonds, and we were, I've received so many letters from everyone saying how much they loved our February issue—the Super Osmond Annual, that we're going to have another one for you very soon! After all, Tiger Beat Spectacular is YOUR magazine, and if you want another Osmond book, then that's what you'll get! I'll give you more info on it in our next issue!

By the way, don't forget to pick up your copy of Tiger Beat Love Posters! It only costs \$1.00 and is for sale at your local newsstand!

You're just going to be knocked out
