**RUMOR:** My girlfriend told me that in one of the teen magazines it stated if you write to a certain address, when Donny Osmond is 14, he'll take you out on a date! Can this really happen?

**TRUTH:** We're afraid not. After all, that would be quite an obligation for Donny to fulfill since thousands of girls would write!

**RUMOR:** I read in another magazine that Warren Entner of the Grass Roots is married. Is this true, and if it is, who is the lucky girl?

**TRUTH:** The lucky girl is Rosemary Frankland, a former "Miss World" beauty contest winner. She and Warren tied the knot in Chelsea, England on October 12, 1970.

**RUMOR:** Do the Jackson Five live in Gary, Indiana, or have they moved to California?

**TRUTH:** California is glad to have the J-5 as residents! They've lived here for some time now, and make their home in Encino.

**RUMOR:** Did Chad Everett's wife have a baby? Please tell me all the details.

**RUMOR:** Is it true that one of Wes Stern's old friends appeared in an episode of "Getting Together"?

**TRUTH:** It sure is! The show you're asking about was one of the first in the series about Lionel's high school reunion, and actor Mike Myers appeared as Wes' pal. By the way, the two of them were real classmates at New Rochelle High just a few years back and enjoyed working together and reminiscing about the old times!

**RUMOR:** Help! I heard that one of the boys in the Osmond family is going blind. Please tell me this is not true!

**TRUTH:** This is just a terrible rumor, and fortunately, it is not true! None of the Osmonds are going blind!

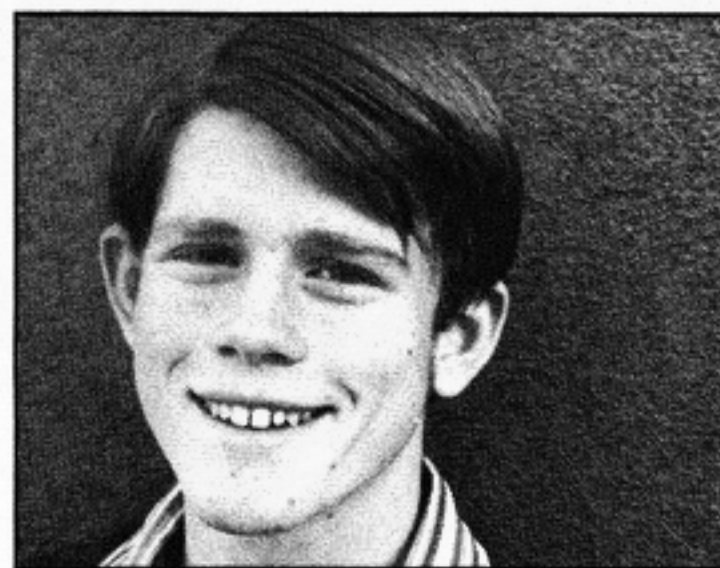

**RUMOR:** Please tell me if Susan Neher is related to Ronny Howard. I think they look alike.

**TRUTH:** They may resemble one

another—especially with their striking red hair—but they're not related!
