

Dear David,

I've heard so much about your new home, and it sounds like it's just fabulous! What made you choose the one you got? Do you look for something special when you're interested in a house?

Love ya lots!
Jeanie

Dear Jeanie,

Thanks for your very nice letter! Usually when I'm house-hunting (and lately I've had lots of practice!) I don't set out with one particular thing in mind. I just look for a home that's warm, welcoming and comfortable, and I think my new one is just that. Sam and I are still furnishing the place, but as soon as it's done you'll be seeing lots of pix in TiGER BEAT! Write again sometime!

DURING BREAKS on the set, Danny and Dave Madden really dig playing ping pong. Can you guess who's the champ? It may be surprising, but in the overall totals, Danny is the leader!

Dear Susan,

I like this boy a lot and my friends say he's going to ask me to go steady. I'm only 14 and really don't want to be tied down. What do you think I should do?

Peace & love,
Lyn Ramsey

Dear Lyn,

I'm flattered that you turned to me for advice, and I really hope I can help. I think 14 is kind of young to be going steady, and since you feel the same I see no harm in telling your boyfriend. Explain that you like him and want to continue dating, but that you don't want to make any commitments at this particular time. I'm sure he'll be understanding, 'cause that's the way most guys are!

Dear David,

If you could wish for anything in the world, what would you want it to be?

Sandy Phillips

Dear Sandy,

Leave it to TiGER BEAT readers to ask the wildest questions! There are so many things I'd like to see happen and so many changes I'd like to make, that it would be hard cramming everything into just one wish! But what I'd

Dear Susan,

I think you're lucky to be working with the Partridges—they seem like such nice people! Aside from you and David, I really dig Danny Bonaduce—but that's 'cause he's my age! Please tell me what he's like to work with, and does he have any unusual interests? Thank you for your time.

Michelle Lerner
Monterey, Ca.

Dear Michelle,

Danny's a great guy to work with—he's just a living doll! He's very much the way you see him on television—natural, sincere and funny—and he never runs out of energy! I guess his interests are pretty much that of any 12 year old boy, with sports way out in front. But probably the most unusual thing that's occupying his time is the bedroom tables he's making out of Coke cans!

Dear David,

I just read my horoscope in the paper, and I got to wondering if you're interested in astrology too? Do you believe in it?

SEEMS LIKE EVERYONE on the Partridge set is a camera nut. Though Susan has no cameras of her own, whenever Dave Madden brings his down to the set, Susan can't resist using it!

Dear Margo,

I think astrology is an interesting subject and I sometimes find myself looking over my horoscope in the newspaper too! However, I'm not what you'd call a believer in it. I've always felt that people control their own destiny. I find it a little hard to accept that something as distant as the stars can govern one's everyday life, but then, who really knows? Maybe if I studied it further, I'd find it really works!

Dear Susan,

My best girlfriend and I exchange gifts at holidays and birthdays, but she's really difficult to buy for! Not that she's demanding or anything, but all
