

Is it easy to tell when something's bothering David?
How?

Yes, he is very quiet and withdrawn; and sometimes he tries to cover with a sly grin.

What was David's reaction to his dad's 2nd marriage to Shirley Jones?

Upsetting and confusing. He had a terrible fear of not seeing his father again.

Do you worry about your son?

Yes, I certainly do, but I'm also very confident about Dave. Maybe the word isn't worry, it's concerned. So much is happening to him, so fast.

I hope I've set up for him values that will guide him at this time and through life.
