IT'S ALL IN YOUR MIND

by Peggy Clinger & Johnny Cymbal

You can be what you feel
Life is a ferris wheel
Come take a ride
It's on the inside
where you'll find
It's all in your mind.

(chorus)
Listen listen
All in your mind
It's all in your mind
It's all in your mind
Listen, listen
It doesn't matter at all
Who you are or what you need

Just take a look inside
I'm sure you'll find
It's there in your mind
Baby, it's all in your mind
Who needs money
In a land of milk and honey?
I'll tell you one more time
You'll find it in your mind
Baby, it's all in your mind
Listen, listen, all in your mind

You take a friend of mine
He was sad all the time
Then he got smart
When he opened his heart
it helped him to find
It's all in your mind
(and to chorus)

You can be what you feel
Life isn't really real
It's up or down
Get your feet on the ground
and maybe you find
It's all in your mind
(and repeat chorus)

LAST NIGHT

by Tony Romeo

Last night I couldn't fall asleep
Because I wanted to keep on
thinking of you
Last night I was flyin' high
I was happy, I was happy

Last night you told me something
that I won't forget if I
should live forever
Last night you said you loved me
and it gave me fever and
I thought it over baby, my baby

When you are there I'm aware
That I must be dreaming
When you are near I can hear
my body screaming

Never let me go honey
Never let me go baby
Never let me go
Never ever let me go

IF YOU EVER GO

by Wes Farrell & Tony Romeo

If you ever put me down
I would fall right
through the ground
Couldn't make it on my own
Couldn't stay here all alone

(chorus)
And there would be no sun
And there would be no one
to run to
If you ever go
Honey you'll never know
What it would do to me
The hurt would be new
to me
If you could ever believe
The love I've got up
my sleeve
Then you would never go
Honey don't ever go.

If you ever said goodbye
I would want so much to die
All this world would look
so gray
Couldn't face another day
(to chorus)
