Q. Does Suzanne Crough's hair turn blonde in the summer? My hair color is just like hers and in the summer my hair turns almost white!

A. Yes, Suzanne's hair does get lighter in the summer because she spends so much time outdoors and the sun bleaches her usually strawberry-blonde locks to a golden-blonde. But when autumn arrives, her hair goes back to strawberry-blonde.

STILL DRUMMING!

Q. I read a long time ago that David used to play the drums. Has he given it up or does he still practice from time to time?

A. David will never entirely give up the drums! Drums were the very first musical instrument he fell in love with. Yes, whenever he finds time to practice, David still rolls out a few rhythmic beats. On the set, David often fools around with Chris Partridge's drum set!

Q. Does Danny Bonaduce like having the funniest lines on the show? He just cracks me up every week with all those jokes he tells!

A. Danny loves his role and the funny things he gets to say on the show because he loves to make people happy and get them to laughing! That's the way Danny is in real life too—he likes to hear laughter and see lots of smiling faces.
