

SET-SIDE WITH CECELIA

Now you can personally get in on all the Partridge activity and fun as Danny's sister Cecelia Bonaduce, President of the Partridge Fan Club takes you right on the set each month!

Today is the first day that the Partridge Set has been opened in over four months! That's right! The **PARTRIDGES** have resumed shooting for next season! So, let's go, we don't want to be late for the very first **PARTRIDGE** show!

It's so exciting thinking about seeing all the **PARTRIDGES** at work again, that the twenty minute ride from home seems like hours. You can feel the butterflies fluttering and fluttering in your stomach as we approach the weatherbeaten sign, that reads "Columbia Ranch!"

Together again, for the 3rd season!

Inside the gate, everything looks the same... the old New York set, the front of the **PARTRIDGE** house, the phony ice cream parlor... everything! It's as if we've never been away!

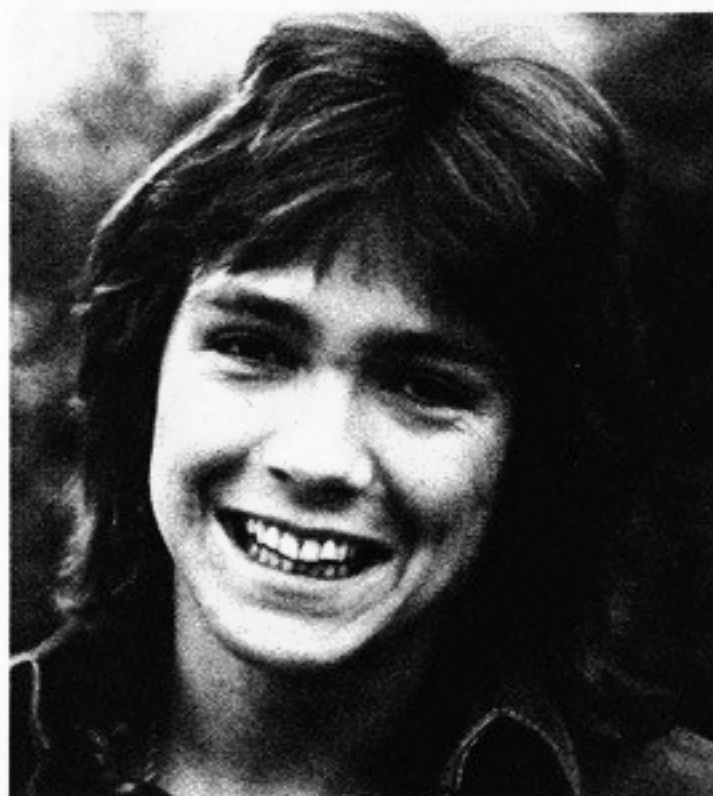

• David Drives In •

The first **PARTRIDGE** we spot is **DAVID**, driving to his trailer.

"Hi," **DAVID** waves, and motions for us to come over. "Ready to go back to work?"

We laugh as we walk towards him and you say, "Sure am! I've really missed not being on the set every week... are you ready to go back to work?"

DAVID smiles, "I guess so! I've really missed not working here, but the concerts have kept me busy... I

David's glad to be back!

wish I could have done more before the show started again, I could do concerts forever!"

You notice **DAVID** pulling some lightweight bags out of the car, and you offer to help carry them inside. At first **DAVID** says that they're too heavy, and that he can manage, but after loading up his arms, asks if you could possibly bring up the one little bag that's left. Naturally, you're glad to help!

"These bags are full of little gifts

from some of the kids I met while I was in Europe! I decided that they'd really cheer up my dressing room!"

You set the tiny bag down, and **DAVID** thanks you. Then you're on your way to visit another **PARTRIDGE**...

• Susan Dey •

SUSAN is the next **PARTRIDGE** to return to work! She steps out of the car wearing a pink sun dress and a fabulous tan!

"Where have you been?" you ask as we walk with her to her dressing room.

"Well, I went to Europe last month... that's where most of this tan came from. When I got home, after a lovely time, I just lazed around the house, soaking in the sun! Now, I'm all rested and eager to get back to work!"

We step inside the trailer, and there is a basket of yellow flowers on the dresser.

"How pretty!" **SUSAN** says excitedly. "I wonder who they're from?"

SUSAN opens the little card attached and says that they're from the executive producer... as a welcome back gift! **SUSAN'S** eyes are glowing, and you can tell that she is very complimented to receive the sweet smelling daisy and carnation arrangement!

We sit on the sofa bed and munch the celery that is ever present in **SUSAN'S** trailer, and she tells us about her vacation.

"I've been so busy during the hiatus, that I hardly knew it was time to go back to work! I made a movie, which was a lot of work, then it was off to Europe, which was so much fun I hated to leave
