This reporter heard that the Partridges were going to go their separate ways for a month, and so, she went to the Partridge set to see if this was true . . . it was.

Nothing to get alarmed about! This year the Partridges have broken off for a little vacation, after many hard months of shooting. Not like last year, when shooting was called abruptly to a halt due to David's gall bladder attack!

DAVID'S PLANS

I asked David what he planned to do, besides trying to stay out of the hospital.

"I'm going to do some shows in the Midwest, then a few in the East. My first shows will be in the Midwest because I feel that they get neglected out there . . . most people just do shows in California and New York. I want to see as many of my fans as possible."

I asked Shirley Jones about her vacation plans, too, and got the same response!

"I've got a tour lined up. I'm mostly planning on television appearances, and like David, my tour starts in the mid-west!" Shirley said.

Asked if she will be working with David on the tour, she replied, "No, we work together on the Partridge Family most of the year, so we work separately during the vacations. We did do a promotion tour two years ago that was very successful, but for the most part, we both 'do our own thing.'"

DANNY GETS INTO THE ACT

It looks like touring is the thing to do this hiatus, because Danny Bonaduce plans the same sort of vacation!

"I'm going to Philadelphia to do The Mike Douglas Show, then I'm planning to just visit my aunt and grandfather for a week (they live in Philadelphia) then I'll be in Atlantic City . . . working

on Steel Pier for a week. I'm really looking forward to that, I did a show there last year!

SUZANNE AND THE FIREMEN'S PARADE

Suzanne Crough will be traveling East this month too! Her first stop will be New York!

Suzanne was quite excited over the idea of working in New York for the first time.

"I'm going to be the Grand Marshall in New York's annual Fireman's Parade! I love doing parades in the summer, but not when it's cold!"

I asked about the rest of her vacation time, and she had a very impressive list of places to see.

"After New York, I'm going to Connecticut, New Hampshire, Vermont, and then back to New York for some horseback riding and fishing."

I was very surprised to find out that the youngest Partridge was also a budding fisherman! But Suzanne said that she's been fishing for years!

ANOTHER PARTRIDGE IN NEW YORK

Suzanne Crough won't be the only Partridge flying around New York, because Susan Dey will be going home to visit her family.

"All the other Partridges seem to be so busy with working this hiatus, so I guess I'm the lazy one this time!" Susan said. "But all I'm going to do is rest! I went to Europe last hiatus, so I really didn't get to see too much of my family . . . I guess I'm planning to catch up on lost time!"

PLAY IT AGAIN, PARTRIDGE

Dave Madden said that it'll be back to Las Vegas for him.

"I keep waiting for someone to volunteer to record my comedy routines.

Someday, I'm going to be another David Cassidy! Then we can get together . . . he'll sing and I'll tell jokes . . . we'll be the hottest new team in show business!"

Brian Forster will be the only Partridge who won't be too, too busy. Brian is going to have to spend the whole month resting, due to a recent accident. Don't worry too much, because he's all right, just a little bit tired.

He was riding a pony who came to a complete stop after a full gallop, and Brian went over the front. Everyone says that he was very brave!

Brian was taken to the hospital, had some stitches, and was released that very day! I know that you all wish him the best of luck, and a super

speedy recovery! If you'd like to write to him, you can! Just send them to FaVE, and I'll make sure Brian gets every single card!

PARTRIDGE MAILBOX

Dear Cecelia,

I know that Danny has a horse, so he must ride, but what about the other Partridges?

Thank You,
Malinda Kon

Dear Malinda,

All the Partridges ride a little bit, but Danny is the most avid rider! Suzanne is also very interested in riding, while Brian says that he'd rather surf!

Dear Cecelia,

I've heard that David has five girlfriends! Then I read that he doesn't have any! What's going on?

Peace to the Partridges,
Robin Silver

Dear Robin,

Well, David doesn't have a steady girlfriend, and with all the work he has to do, he doesn't go out too much, but he does date occasionally. All straightened out? Hope so!
