UP AND OVER

Chris Knight not only makes my heart do flip flops but also flop flips. And that's besides the headstands the rest of me does!

HEAD OVER HEELS

Please give this letter to David Cassidy. He really is groovy. When he sings my head is up in the clouds and when he talks I hear angels singing. I am head over heels in love with him.

BOOM

Donny Osmond is the very best around. Whenever I hear him singing songs like Puppy Love or Too Young, my heart goes pound, pound, pound. I haven't been lucky enough to meet him yet, but when I do you can bet it'll be a day I'll never ever forget!!!

DONNY'S LOOK-A-LIKE

This may sound weird but it's true. My friends started telling me that I looked like Donny. When I got my first Tiger Beat magazine I took it to school and let some friends look at it. They told me that I look like Donny and people still do!

OH! OH!

I went to David Cassidy's concert in Wildwood, N.J. He sang two new songs "Rock Me Baby" and "I've Been Lonely Too Long." And boy were they terrific. Everything went smoothly till he did an eagle jump in the air. That's when he split his pants. From then on he wacked his head on the microphone and little things like that. It was very warm that night and you could see the sweat pouring off his face. I felt sorry for him because it was 9:00 p.m. and he still had another show to do. I don't know how he does it but he does. I wish everyone could go to his concerts. My mother went with me, she didn't want to at first but afterwards she was really glad she did. It isn't easy to convert my mother but David did and I think he deserves a medal.

HOORAY FOR TB!

Dear Sharon,

I must say for a time I thought Tiger Beat was making up their stories, but after seeing and hearing David say in person that he gets a majority of his mail from the magazine, I figured Tiger Beat was for real. Anyway I saw him he was great, fantastic, fabulous, tremendous and just plain ordinary great. I saw Sam, too, he looked very cute and also David's back-up group!

DEVOTED WORDS TO DONNY

Wow, that Donny
 He's full of love
 He's like an angel
 Sent from heaven above
 I'd like to be alone
 With the sweetest guy on earth
 He was beautiful
 Even at birth
 So I'd like to remind you
 To stay away from him
 If you wouldn't mind
 A kick in the shin.

KEEP IT UP CHAD

I just had to write to tell you I just received my membership kit to the Chad Everett Fan Club. I just listened to the record and flipped. I'm supposed to be getting dinner but this letter's more important! I just have to urge everyone to join the club 'cause it's great. It's just like Chad was talking to you personally. All I want to say now is keep it up Chad!!!

Love & Peace
 Beth Pettit

For all those of you who haven't gotten your very own Chad Everett Fan Club Kit there is still time. Just turn to page 73 and order now!

TERRIFIC TONY

The other night I was sitting out in the backyard looking up at the stars. Now you may not believe this but there was one star that really reminded me of Tony DeFranco. Believe it or not!
