**GUESS WHO VISITED** the "Partridge Family" set last week to talk to his friends for a while! You're right! Wes Stern. He's let his hair grow a little longer and said he's been doing a lot of traveling! Hello! Nice to see him back!

I'm sure it won't surprise you too much when I tell you that I got the sweetest telephone call from **MICHAEL GRAY!** He sounded a bit sad because he wasn't going to be able to come home for Thanksgiving!

"Usually my mom fixes a super giant meal," **MICHAEL** told me, "but I guess this year I'll have to miss out!" But, he did want to wish you and me a happy and delicious holiday and to let us know that he's gathering all sorts of exciting information for his personal column right here in Tiger Beat starting next month! **MICHAEL's** going to be filling us in on everything that's happening in Hawaii on "The Little People" set and he's going to be answering your personal questions too! So, if you've got a special question for **MICHAEL**, send it along to "Message From Michael," Tiger Beat Magazine, 7060 Hollywood Blvd., #800, Hollywood, California, 90028! **MICHAEL** will try to answer as many as he can each month—in his own handwriting! And don't forget! **MICHAEL** also will be writing columns for Tiger Beat's sister magazines Fave and Tiger Beat Spectacular and these are the only three magazines he's got true personal columns in!

Speaking of personal columns, **DAVID's** roommate **SAM HYMAN**, says he's been having loads of fun shooting the pictures for his column! Oh, didn't

you know? **SAM's** really interested in photography so he thought it would not only be great practice to take his own pictures, but he might get some really exclusive candid shots of his roommate **DAVID!** And, since **SAM's** column is exclusive that means the pictures are, too! Don't you think they're great shots? Our photographer **KENNY LIEU** laughed when he saw them and said, "Looks like **SAM's** trying to take away my job!"

**EX-BEATLE RINGO STARR** and wife **Maureen** have made a movie about the group **T. Rex!** It stars **Marc Bolan!**

**DAVID** was as super as ever out on the "Partridge" set last week when I dropped by. He was still raving about how much fun he had in England when he appeared on their fantastic television show "Top of the Pops!" **DAVID** said that the English fans are really emotional! He thought his American fans screamed loud—in England you need ear muffs!

**DAVID's** stand-in on the "Partridge" set, **JAN FREEMAN** decided to quit her job and go back to school! Everyone on the set really loved **JAN** and was sorry to see her leave, but happy to see her getting back to college! So, know anybody who'd make a good stand-in for **DAVID?**

Were the **OSMOND BROTHERS** simply faubulous in Las Vegas? No! Fabulous isn't the right word—**PHE-NOMENAL!** And that means out-of-this world! The boys got great reviews and if you loved their concerts well, their show at Caesar's Palace was a hundred times greater! Is that possible? I mean they're always great but this time—**WOW!** And guess who the **OSMONDS** invited up to see the show? All the Olympic Gold Medal winners and that did mean swimming champion

**SAM HYMAN** AND I haven't really gone back to our childhoods! But, we couldn't resist the swing set in **David's** backyard? Well, could you have?

**MARK SPITZ!** Isn't he a doll? This is the first time the **OSMONDS** have headlined a show at Vegas, and now I hope the whole world knows how great they are—something you and I have known for a long time!

Had lunch with the **DeFRANCO FAMILY** last week—at their house! Their mom is a great cook and her specialty is—right! Italian food! I don't see how the **FAMILY** stays so slender! I must have gained two pounds in one night because of that delicious spaghetti and garlic bread! From now on, I'm inviting the **DeFRANCOS** to my house!

I hope you checked out this month's fashions in Tiger Beat on page 29!
