

Griffith Park might find Danny and his minibike scooting through the hills. They're inseparable, so look for small tire tracks through the park and even toward the beach

communities! Follow them! There's Danny, sputtering and whizzing over the top of a hill with a big smile on his face! (There is room for two, even on a minibike!)

## PLANTS AND JUNK!

Southern California has a lot of garden shops and nurseries, which are great places to find Susan or Shirley! Both these gals have greener-than-green thumbs, and they always take time out to pick some

new posies for their gardens or vases. So, plant yourself behind a climbing rose (Shirley loves them!) or some daisies (one of Susan's favorites!) and you might not have too long a wait—especially if you go to Jimmie's Interior Planting on Beverly Boulevard... it's a favorite hangout for many Hollywood stars! (And, even if you don't happen to spot a Partridge, it's a kicky place to visit!)

Susan Dey is a hunter of another sort—an antique hunter! She likes shopping around in small antique shops and even junk stores, where she's likely to find something valuable that the owner wasn't really aware of! Getting a good bargain is one of the fun things about antique collecting. If you see Susan hunting for antiques, you can join her in the fun!

By the way, if it's around holiday time and you live on the East Coast, Mt. Kisco, N.Y., is usually happy to welcome Susan home for a visit with her family!

## WATER, WATER EVERYWHERE!

The water draws at least a couple Partridges to its edge! Suzanne Crough loves to swim, so scout the beaches and swimming pools! She likes her own pool at home, but enjoys the ocean, too, because she likes to make sand castles (with dribble-top spires, of course!). Bring a pail to help build the towers.

Dave Madden likes sailing and can be spotted on the ocean on a sunny weekend! He also likes a good movie—but unless you have cat's eyes, a dark theater is a hard place to see anyone!

Pacific Coast Highway (right next to the beach) is a beautiful drive at sunset, and David drives it often. In fact, any open highway is where you'll find David—he loves to feel the wind in his hair and the sun on his arms. You can share a beautiful sunset over the ocean if you find David... with his arm around your waist!?!)

You're halfway toward meeting Brian if you love cats as much as he does! Brian owns several prize-winning Himalayan cats, and if there's a cat show in town, you can be sure Brian and his cats will be there! He's really proud of them and, if you find him there, he'll be glad to introduce you to all of them!

Everyone has to eat, and the Partridges enjoy good food! The Yankee Pedlar, by Columbia Ranch, is a favorite hangout when they're working. And, since they all have an occasional sweet tooth, you might find them at Plaza Continental Pastries on Santa Monica Boulevard! That's where all the stars flock (Partridges included!) and they really have some delicious goodies there (don't stay too long or you'll find yourself—with a weight problem!).

So, if you're a Partridge Family fan, remember to keep your eyes open! And with seven faves instead of just one to look for, your chances are seven times as good! Good luck!
