

ARE THEY REAL SISTERS?

IS IT TRUE?

The other day, my girlfriend and I were talking and she said she read someplace that Suzanne Crough and Susan Dey were distant cousins. I said that she was wrong, wrong, wrong! I know because I have the Partridge Family Fan Club Book and it didn't say anything in there about them being related or anything. Tell her she's wrong.

Dear Norma,

You were right. Suzanne Crough and Susan Dey are not related but they are very good friends.

WHERE DO I START

Dear Liz,

I belong to the David Cassidy Fan Club, but I would like to start a special chapter for just my school. Where do I write to find out where to start. Please answer this letter.

P.S. And David said to say "thank you" for being such a loyal fan.

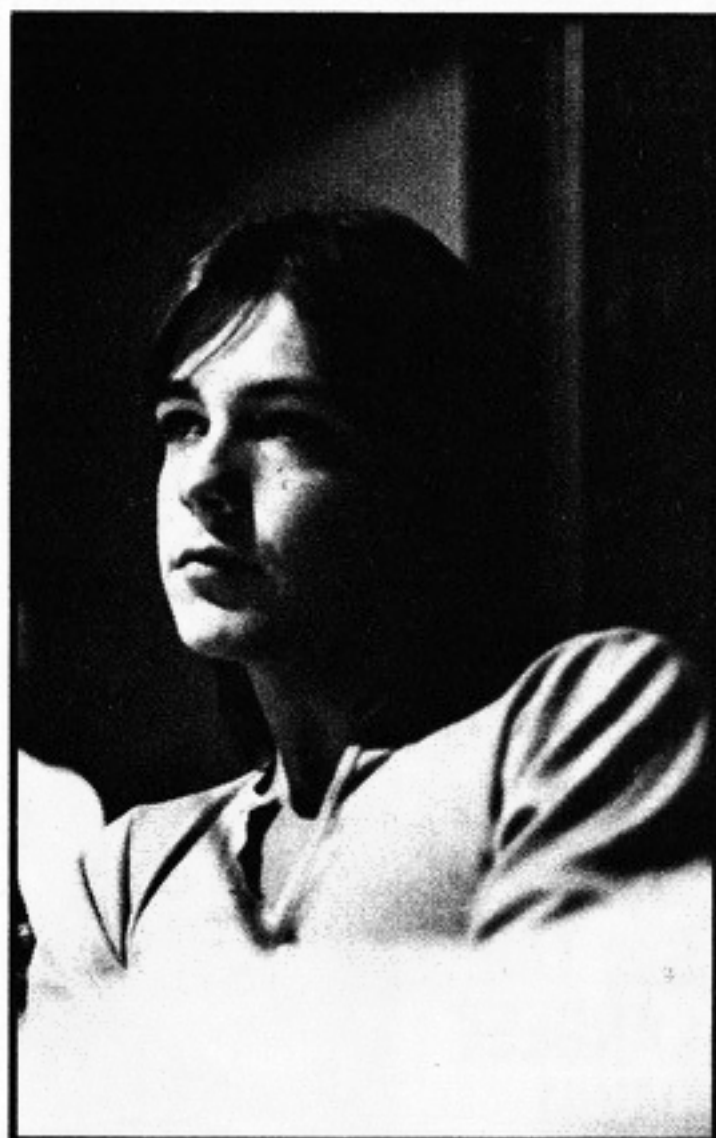

HE'S WONDERFUL

I'm nine years old and I just got the August issue of Partridge Family Magazine and I agree with some of those girls. David Cassidy is WONDERFUL!! He's super! I LOVE him! I have almost all his (and the P.F.'s) records. He sings beautifully. His voice is lovely! I hope the P.F. show stays on for a long time.

QUIET!! DAVID'S ON!!

SAW HIM AGAIN

I watched the "Partridge Family" last week for what was probably the one millionth time. My brothers, (they're in trade school) made fun of me because I always make everyone in the room be absolutely silent when David's on. But I don't care. Everytime I see him, I love him more. I can't wait 'til his concert tour comes to my hometown.
