

DAVID'S OPEN HOUSE
CONTINUED FROM PAGE 83

Dear Al,

I've seen pictures of David with black hair, brown hair and even blond hair! What color hair does he really have?

By the way, your column is just great. Keep it up!

Leigh Anne Busby
St. Louis, Mo.

Dear Leigh Anne,

David's hair is really brown. Sometimes pictures are taken in different lighting and the true color tends to change. Thanks, it's always nice to hear that PFM readers enjoy my column!

Dear Al,

I love all of David's records but I especially love David's LP "Cherish." When do you think he'll have a new solo album out? Also what's your favorite song out of all his albums?

Jason Kane
West L.A., Calif.

Dear Jason,

I'm glad you're enjoying David's album. His new solo album was released in August. It's really far-out! Hope you've got a copy. Out of all David's recordings one of my favorites is written by Kin Vassy and it's called "First Night Alone Without You." He does it especially well in concert.

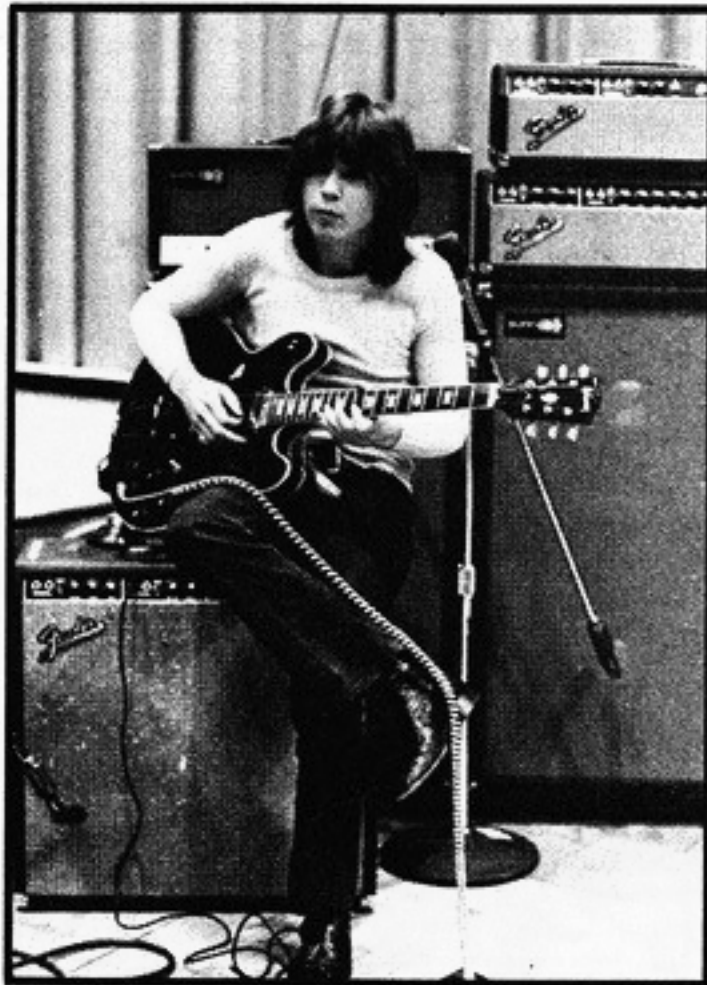

Dear Al,

Does David ever get bothered by his neighbors or people in his neighborhood?

Cathy Anderson
Springfield, Ill.

Dear Cathy,

As a matter of fact, David thinks his neighbors are great! About a month ago I dropped by his house and he was out playing "Hide-and-Go-Seek" with some of the kids in the neighborhood!

Dear Al,

I heard from a friend that David is leaving the "Partridge Family." Is this true? Al, please tell me it's not true!

Your friend,
Michelle Wurzer
San Pedro, Calif.

Dear Michelle,

No, it's not true so don't worry. Tell your friend to check her sources more carefully next time. David will be with the "Partridge Family" for a long time to come.

Dear Al,

At a concert I attended, David was wearing some sort of necklace around his neck. What was it made of and where did he get it?

Stephanie Shipp
Beverly Hills, Cal.

Dear Stephanie,

The necklace David was wearing was made out of shells. He found the shells while he was in Hawaii and a friend strung them for him. Groovy, aren't they?
