

A. Your girlfriend is telling the truth—"Breaking Up Is Hard To Do" is the latest Partridge hit! It was recorded years ago by Neil Sedaka, who co-authored the song with Howard Greenfield.

Q. Can you tell me if it's true that Danny Bonaduce has to dye his hair red for the "Partridge" show? I always thought he was a natural red-head until my girl friend told me otherwise.

A. Danny IS a natural redhead, so whoever told you he dyes his hair is one hundred per cent wrong! Danny wouldn't think of changing the color of his hair. After all, being a natural redhead is what helped him get his start in show biz!

Q. Can you tell me if David Cassidy was born in New York or New Jersey? I've heard conflicting reports.

A. David was born in New York in the Little Flower Hospital on April 12, 1950. He spent most of his childhood growing up in New Jersey, however, and then later moved with his mom to Los Angeles.

Q. I've read in numerous magazines that Susan Dey used to model with her sister when they were quite a bit younger. Do you have any pictures of the two of them together? I hear they both made lovely models!

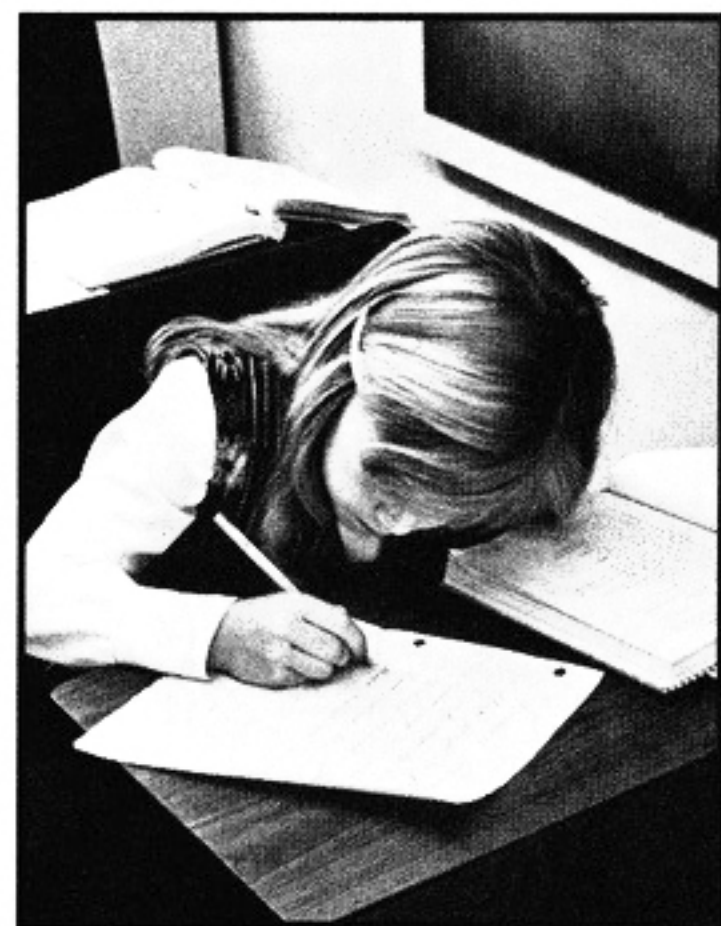

A. What you heard is correct; take a look for yourself! Susan was about 15 here, and she's posing with her sister, Lesley.

Q. I think Brian Forster is a doll. The only problem is, I'm three years older than him! Oh well, please tell me what some of his interests are, anyway. I'm not going to let a little thing like our age difference bother me!

A. Good attitude—Brian is loveable, to those old and young alike! He has all kinds of interests, among them being sports, motorcycling and attending cat shows. He also likes to read the comic section of the newspaper between breaks on the set!

Q. Please tell me what Suzanne's zodiac sign is. I say she's a Piscean, but my girlfriend believes she's an Aquarian. Also, please tell us what the astrological traits are for someone born under her sign. Thank you.

A. Suzanne was born March 6, 1963, which means she was born under the sign of Pisces. Piscean's astrological traits are sensitive, sympathetic and sincere, and needless to say, Suzanne is all three!

Q. I know that all of the Partridges are fond of pets, but I never heard anything about Susan. Can you tell me if she's got any pets, and if so, please tell me what they are.

A. Susan loves animals and bought a darling little kitten during the past year named Sappho!

Q. Would it be possible to see a picture of David's roommate, Sam? My girlfriend saw him at David's concert, and says that he's a living doll!

A. Here's your picture, and we agree that Sam is a good-looking guy!

Q. Do the Partridge kids attend public school or do they have private tutoring on the set?

A. The Partridge kids receive tutoring on the set daily from Juel Anderson. They even have their own special little classroom!
