

# "THE SWEETEST"

## DAVID CASSIDY:

"When I was in sixth grade I was a real baseball nut. One afternoon I played so badly that I lost the game for my team. That's when the prettiest girl in my class (who I had a secret crush on) came over. She smiled at me and said, 'I'd like it very much if you walked me home.' She made the worst day of my life into the happiest!"

## DONNY OSMOND:

"I take all my fan mail very seriously, and when I kept reading over and over that I should let my hair grow, I finally did! It seemed like one day, there it was, curling down to my shoulders and truthfully I felt kind of funny about it! We were recording that afternoon and as I walked into the studio a girl stopped me. 'I don't know what is different about you Donny,' she told me, 'but whatever it is, I like it!'"

## BEN MURPHY:

"About once a week I have my car washed at a place near the studio and gradually I got acquainted with a girl who worked in the office. She had just moved to L.A. from New Mexico, and she was the cutest, sweetest girl I've ever met! I kept asking her for a date, and one day she finally agreed. I started to explain that I'd have to pick her up late by saying, 'I'm an actor, you see...' Her face showed immediate understanding. 'It's okay if you're not working,' she said. 'We can go dutch if you want to go to a movie.' She didn't even know who Ben Murphy-actor was, she just liked me. Groovy!"
