

FAVE FLASHES FAVE FLASHES FAVE FLASHES FAVE FLASHES BY JOHNNY JASON

Are **DAVID CASSIDY** and **BOBBY SHERMAN** having a mild feud? I can't say for sure if they are temporarily on the "outs." But **DAVID** was recently speaking about **BOBBY'S** show "Getting Together" which was a spin-off from "The Partridge Family." Remember **BOBBY'S** pilot episode on "Partridge?" **DAVID** was quoted about **BOBBY'S** program: "I think it's soft. It hasn't got the machinery." Perhaps **DAVID** was a little unnerved because he is so often referred to as "Bobby" by members of the older generation with whom he comes into contact. Because he isn't mistaken for anyone else by his fans, **DAVID** said, "If I do go out, it's to eat. I think I may have seen one film this year, the one with the rats. 'Williard.' It's icky. It was not too scary. But the thought of that kid with a rat in his pocket just drove me crazy. And I saw it with my father and stepmother and he hates rats and I'm sitting there and he's going 'Ugh' and **SHIRLEY** is going 'Ugh.'" . . . **SALLY FIELD**, who has left the convent of "The Flying Nun," has flown into a new series. She'll be appearing on a semi-regular basis as Clementine Hale on "Alias Smith and Jones." Clementine's character is hardly similar to that of Sister Bertrille. She's been described as a "distaff rogue." We're sure **SALLY'S** new role will (pardon the pun!) take off . . . Even though his series "The Immortal" has been canceled, **CHRIS GEORGE'S** television career is going stronger than ever. Screen Gems has a lot of faith in **CHRIS**—and also big plans. The studio is starring him in two movies made for TV. One of these films will double as a pilot film for a brand new series. **CHRIS** really does seem immortal! . . . **DENNIS WEAVER**, most recently seen on the tube as Sheriff McCloud, will also be starring in a TV movie. It's titled "Duel" and he'll play a man being hunted down by a killer.

You can see the film on the "ABC Movie of the Weekend." . . . Has **Gidget** finally come of age? There have been numerous **Gidget** movies and a TV series starring **SALLY FIELD** (before entering the nunnery). Now Screen Gems has filmed the ultimate **Gidget** movie for the "ABC Movie of the Week." It's titled "Gidget Gets Married" and stars **MICHAEL BURNS** and **JOAN** ("Dark Shadows") **BENNET. MONIE ELLIS**, one of five semi-finalists in the search for an actress to play the new **Gidget**, won the role . . . Ex-BEATLES **GEORGE HARRISON** and **RINGO STARR** are still working together. They'll be seen along with such music greats as **LEON RUSSELL** and the immortal **BOB DYLAN** in a TV special about the Madison Square Garden concerts. The concerts, which drew 40,000 fans, were for the benefit of East Pakistan refugees . . . You don't have to wonder what ever happened to **ROGER DAVIS**, one of the most popular regulars of the defunct "Dark Shadows." **ROGER'S** voice (which sounds uncannily like that of **HENRY FONDA**) narrates a large number of radio and television commercials. He was also recently seen during the Battle of the Alamo segment of "You Are There" . . . **ROBERT YOUNG** is taking a slight vacation from "Marcus Welby, M.D." He's doing a world tour, which is to be both a well-deserved vacation and a business trip. In Europe he'll star in "The Top Steal," a movie in which he portrays one of the world's wealthiest men who commits the perfect crime. It seems like even TV doctors never rest . . . Incidentally, "Marcus Welby" is still the top-rated show on television. It beat out "All in the Family" which came in a close second in the Nielsen top 20 . . . "Laugh-In's" **LILY TOMLIN** has certainly been busy. Besides doing a recent concert at the Santa Monica Civic auditorium, **LILY** was a guest on a local music ra-

CHRIS GEORGE FANS will be seeing more of him in films made for TV!
