**APRIL 1971**—It was my turn for surprises when the Laufer Co. Editors gave me a super surprise birthday party! I spent hours opening presents from fans. Truly incredible!

**JULY 1971**—Bad news—I had to have an emergency gall bladder operation. I was one sick guy for a week, but all the letters and cards I received really helped cheer me up. Thanks!

**SEPTEMBER 1971**—I taped a guest spot on "The Glen Campbell Show." It was really a ball dressing up in 1950's clothes, but the thing I enjoyed most, was my medley with Glen.

**MARCH 1971**—It was really super surprising Shirley on her birthday for the "This Is Your Life" program. Later, after we finished the taping of the show, there was a spectacular party and all Shirley's friends were there!

**MAY 1971**—This was the studio photo sent out as we began filming our second season on "The Partridge Family." I thought some of the scripts this season have been really neat!

**JUNE 1971**—One show in particular really knocked me out and that was the one we filmed at Marineland. It was all about saving the whales, which are a diminishing species.

**AUGUST 1971**—TIGER BEAT's Smile Contest winner, Karen Bowman, filmed her part in the show and she was really terrific! Seeing someone as happy as Karen makes me happy too!

**AUGUST 1971**—I made a guest appearance on the "Merv Griffin Show" and my dad, Jack Cassidy, just happened to be guest host that night! It was great rapping with him on television!

**OCTOBER 1971**—More bad news, my dog "Sam" died, but it was really a help to have Sheesh still with us. This month I was planning my first vacation to Europe and more concerts so that I can be close to YOU!
