

How do you get along with David's roommates?

Very well. We have some wonderful times when I'm visiting out in Hollywood. I've watched them grow up along with David. I'm very happy they are still friends and I'm genuinely fond of both Sam & Al.

When did you first meet Sam and Al?

I met both Sam and Al when David joined a local club at school around 1966. Many meetings and good times were had at our home.

What sort of things did they do together?

Double-dates, parties, trips to Palm Springs.
