

Dear FLIP,

Please thank Grand Funk for buying the polar bears for New York City. And tell them they were great at Shea! Thanks ever so much. Rosetta & Friends, Brooklyn, N.Y.

Dear FLIP,

I would like to thank Pete Duel and Ben Murphy for helping to make Birmingham's 18th annual Cerebral Palsy telethon a success. Over \$201,000 was collected in only 19 hours. The telethon not only gave people a chance to help those who were less fortunate, but it also gave Birmingham a chance to see two of the nicest and most talented guys around, Pete Duel and Ben Murphy of "Alias Smith and Jones." Dear FLIP,

If I had never bought your September issue of FLIP, I would never have known David Cassidy was going to be at the Garden State Art Center, Holmdel, N.J. on August 14. David was super terrific! I love everything about him. I hope he's reading this. David, I know I love you! Kim Maschal, Ocean Gate, N.J.

Dear FLIP,

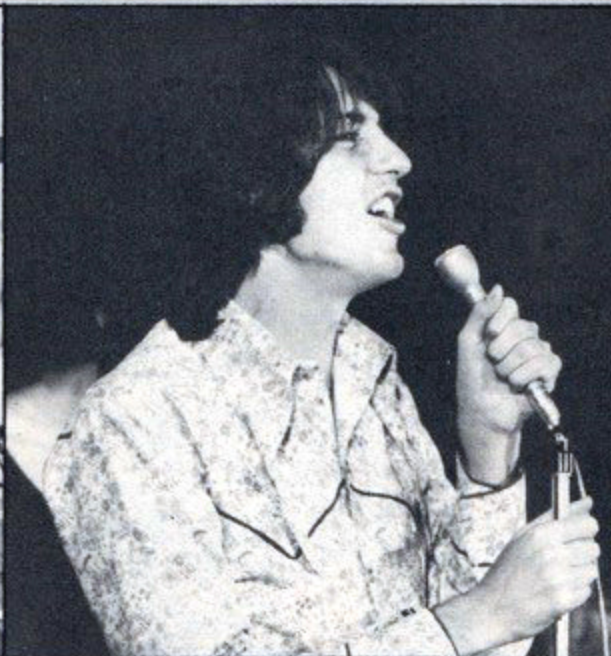

I went to see gorgeous, beautiful, adorable David Cassidy in person at Holmdel, N.J. on August 14, and if anyone who was there saw a girl who was crying all through the show, after it, and everywhere she went, had a gorgeous framed picture in one arm and a shirt that said "I Love David Cassidy" on it, that was me! Mary Verbousky, North Bergen, N.J.

Dear FLIP,

I want to tell you that I really like your magazine! I buy it every month because you always have good stories and pictures of Three Dog Night. I've seen them in concert twice, but it's been a long time since November at the Oakland Coliseum. So do me a favor and tell them to please hurry and come back to the San Francisco area. I can't wait till they come back, 'cause they're fantastic! 3-DN Fan Forever, Millbrae, Calif.

Dear FLIP,

Here in Trinidad there are very many Cassidy and Sherman fans, and your magazine is a favourite because of all the stuff you print on them. I especially liked "David's Confession" in the July issue. David seems to care a great deal about his fans, as they care a great deal about him. I hope he reads this so he can know that there are thousands all over the world who love him because of the gentle, considerate person that he is. Cassidy Lover, Port of Spain, Trinidad

Dear FLIP,

I met a boy this summer whom I really like, and you'll never guess who he looks like! David Cassidy! The only problem is he lives 300 miles away, and whenever I feel down, I look at my wide selection of David Cassidy pictures and I feel great again. I just want to say, "David, you keep me going. If it wasn't for you I don't know what I'd do!" Debbie, Eureka, Calif.
