

WHO'S On It?

I love letters from fans. I only wish I had more time to read every single one and to answer them too!

Holidays like Christmas when everything seems so warm and wonderful, and for a few weeks everything seems to be right with the world.

The sound of laughter. It's like music to my ears, especially the gentle, meaningful laughter of couples in love.

I love peace. I only wish there was more of it.

My Partridge co-stars. They're all such great people you can't help but love them!

I love to sit all alone with gentle music playing, incense burning, and a candle too! Or, in the winter, a roaring fire in the fireplace. It's a nice feeling and it gives me moments for meditation.

Children. I think kids are fabulous. They're so innocent and so real!

I love honesty. I think it's one of the most important traits a person can have because if you're honest, then you'll never be phony.

Warm sunny days, when you're walking along and you can feel the sun on your back.

I love freedom. Freedom to grow, freedom to be the kind of person I choose, to lead my own life.

Holding hands with someone special. Every word you want to say can be said in a touch.

Watching the stars come out one by one, and wishing on one, too!

I love picnics in the park, with bread and cheese and all that "picnicky" stuff!

But most of all, I love you. And though your name's here at the end of this list, I want you alone to know that you're at the top of my heart!
